Two Killed in Auto Collision At La Crosse

By THE ASSOCIATED PRESS
Accidents on Wisconsin highways during the weekend claimed at least 14 lives and brought the state's 1965 toll to 313, compared with 365 on this date a year ago.

Three persons were killed in a Menominee County crash and two others died in an accident in La Crosse.

Henry W. Boller, 44, and his passenger, Mrs. Kathryn Case, 43, both of La Crosse, were killed Sunday in a two-car collision in La Crosse.

Three persons died late Saturday in a head-on auto collision on Menominee County Highway A near the Oconto County line. The victims were Karen Peters, 21; her brother, Arnold, 19, and their aunt, Mrs. Charlotte Wauposse, 48, all of South Branch.

Marlene O'Donnell, 17, of Delavan died Sunday when her car struck some trees after leaving Ridge Prairie Road about two miles northwest of Delavan.

A soldier due for retirement soon was killed Sunday evening when his sports car veered off a Monroe County road two miles south of Norwalk, plunged down a 90-foot embankment and overturned in a ravine. He was identified as Staff Sgt. John Buron, 38, Hartford, Conn., stationed at Ft. Leonard Wood, Mo., but assigned to summer duty at Camp McCoy.

Lonnie Moorehead, 25, of rural Port Washington died early Sunday in the collision of his car and a North Western freight train at a crossing just north of Port Washington.

Earl Forsberg, 49, of Madison was killed late Saturday in a head-on crash on Highway 51 near Endeavor, Marquette County.

Gary Pierce, 6, of Sheboygan was killed Saturday when struck by a car near his home north of the Sheboygan city limits.

Mrs. Esther Tyrivier, 45, of Oshkosh died Saturday when the car in which she was riding was struck by a Soo Line train at a crossing in Oshkosh.

Bruce B. Doughty, 24, of rural Burlington was killed late Saturday night when his car left Racine County Highway FF at a curve four miles west of Highway 36 and then rolled down an embankment.

Other weekend victims reported previously were Robert Guthrie, 22, of Chippewa Falls and Dennis Christensen, 24, of Sobieski.

killed. A Cabinet member said it was "virtual civil war."

Fighting was reported in the southern area of Quechisla, 390 miles south of La Paz. A radio station controlled by the miners in Catavi appealed for a 48-hour truce.

Miners in the Quechisla area were reported to have blown up railroad bridges interrupting rail traffic with Argentina.

Presidential assistant Fernando Diez de Medina said troops had taken over the mining center at Kapi near the city of Oruro 140 miles south of La Paz. He said "armed action" will be carried out at all mines of the state-owned Bolivian Mining Corp.

The ruling military junta ordered the army to occupy the mines after striking miners refused to return to work. A government decree declared the mining centers military zones and put all persons under military jurisdiction.

The miner's union proposed a suspension of the strike Sunday night if the government would cancel its mine occupation order and recognize the union's rights, the miners' radio network said in a broadcast. The miners control 10 radio stations.

There was no immediate response from the government.

An armed band of gunmen tried to assassinate President Barrientos near the Kapi mines Saturday. He escaped unharmful but one of his guards was killed. Four of the gunmen were captured.

U.S. Adviser Killed in Viet Ambush

Saigon South Viet Nam (AP)—An American adviser and 35 South Vietnamese troops were killed in a Viet Cong ambush 150 miles south of Saigon Sunday night, a U.S. spokesman announced. Another American adviser and 25 Vietnamese are missing.

Four other Americans were killed and one was wounded in two ambushes Saturday near Ben Cat and near Song Be. Five South Vietnamese infantrymen were killed at Song Be. 19 were missing and 10 were wounded.

The weekend casualties brought the toll of U.S. combat dead in Viet Nam to 382 since December 1961.

South Vietnamese casualties in the Ben Cat ambush were not reported but were believed heavy.

Military officials said the Americans killed on Saturday were:

Staff Sgt. Murrel D. Thomas, whose wife, Kathryn, lives at Fayetteville, N.C.

Capt. Russel W. Condon, whose wife, Patricia, lives at Pasadena, Tex.

Sgt. I.C. Bernard J. Kelley, son of Lucy C. Kelley, Roslyn, N.Y.

Spec. 4C Troy J. Waters, whose wife, Dorothy, lives at Coss Mills, W. Va.

U.S. Navy planes reported sinking another North Vietnamese PT boat today and damaging six military barracks as round-the-clock air strikes against North Viet Nam continued without letup. Four trucks were damaged in another raid.

A U.S. military spokesman said the boat was left in flames after Navy Skyhawks and Sky-raidiers bombed the vessel in the Rao Nya River, 55 miles north of the demilitarized zone between North and South Viet Nam.

ST. PAUL (AP)—Minnesota legislators went home today after approving the biggest budget in the longest regular session in history.

The budget calls for spending \$784 million during the next two years, an increase of \$127.1 million over the one approved two years ago.

Meanwhile, the lawmakers saw one of their major bills of the session vetoed when Gov. Karl Rolvaag rejected the legislative reapportionment measure.

Rolvaag blasted it as a "blatant, calculated political gerrymander" designed to keep Conservatives in power to the detriment of the Liberals.

However, the controversy may yet be resolved in a court test, inasmuch as some legislators have questioned whether a reapportionment bill requires the governor's signature.

In their long final day—which ended 10 minutes before midnight Saturday—the legislators also approved a \$50 million income tax increase bill and voted to double their pay.

The legislators used up their full 120 days. Two years ago, the first time the session was

DEAR ABBY:

Secret Recipes Are Well-Guarded

By ABIGAIL VAN BUREN

DEAR ABBY: I would like to take exception to your statement that women who do not give their recipes are selfish, and that but for the generosity of others would not have a collection themselves. I spend many hours going through cook books, magazines and newspapers culling and trying out new recipes. I have experimented (and even improvised on some recipes trying to perfect them for my guests.

Although it may be flattering to be asked for my recipes, isn't it rather selfish on the part of another to expect to be given a recipe which has entailed much time and effort on my part in order to make her own entertaining easier? Let's be fair to the hostess.

THE OTHER SIDE

DEAR ABBY: Maybe I'm selfish, but here's how I got that way: I love to cook and am always experimenting. Many times I eat the horrible failures for lunch. I once concocted a magnificent lamb dish which took me three days to make. But from the compliments I received from my guests, it was well worth the trouble. One of my guests asked for the recipe, and I foolishly gave it to her. For the next six months we were served that lamb dish everywhere we went to dinner. It's no treat any more. I am now working on something else, and this time I am not going to give out the recipe. If someone wants to serve it for some special occasion, I will make it for her and send it over. Please don't use my name. Stan would crown me. CALL ME SELFISH

DEAR ABBY: I haven't the nerve to come right out and tell people that I don't give out my recipes, but I get around it by stalling them off until they forget about it. Many women do not follow the instructions, and some of them use cheaper ingredients, or substitutes for the "makings" that should go into the recipe if it is going to turn out right. Then they blame the person who gave them the recipe when theirs is a flop.

DEAR ABBY: So you think that a person who doesn't give out her recipes is selfish? Well, I can't go along with you on that, Abby.

I used to give my recipes to anyone who asked for them, and I felt flattered to think they were wanted. Then I started getting complaints because theirs didn't turn out like mine. It got back to me on more than one occasion that "Flo left something out of the recipe on purpose." I would never do such a low thing.

I've been hurt so many times by remarks like that. I made up my mind that I wasn't going to give out any more recipes.

FLO IN BOSTON

DEAR ABBY: I have a friend who has a reputation for being a fabulous cook, but she is another one of those selfish gals who won't give out her recipes. One afternoon while I was alone in her kitchen for a few minutes, I wanted to find out her secret for making fresh cranberry pie, so I took the liberty of glancing through her cook book. And do you know that little sneak had all her recipes written in some crazy code!

Pope Explains Council's Work

VATICAN CITY (AP) — Pope Paul VI says the Vatican Ecumenical Council did not mean a relaxation of faith or sacrifice.

Instead, he said, it was intended to adjust the contacts of the Roman Catholic Church with the modern world.

The Pope said it also would be erroneous to see the council as

"an indulgent acknowledgement of the weak and volubly relativistic mentality of a world without principles and without transcendent ends."

Pope Paul made the remarks Friday at an audience granted to delegates attending a general meeting of the Roman Catholic Salesian Order.

The Dominican Republic is second in size to Cuba among nations of the Antilles chain in the Caribbean.

Head-on in North Dakota Kills Four

MOHALL, N.D. (AP) — Four persons were killed and two cars sheared in pieces in a near head-on crash nine miles east of here Friday.

Dead are: Roy Willard, about 70, of Omamee, N.D.

Gerald B. Typpi, 22, an airman 2.C. at Minot Air Force from Villa Park, Ill.

Clifford L. Featherly, 26, Glendale Heights, Ill.

Debra Featherly, 4, daughter of Featherly.

Injured and listed in good condition in a Minot hospital are Mrs. Typpi, 19, a bride of one week, Mrs. Featherly, 24, and

her 7-month-old son, David. Mrs. Willard, 62, was hospitalized at Bottineau in fair condition.

The Highway Patrol said the crash occurred about 5:30 p.m. on a straight stretch of N.D. 5 in bright, sunny weather. (The scene is about 37 miles north of Minot in north-central North Dakota).

Mr. and Mrs. Featherly and their children were passengers in the car with the Typpis and Typpi was driving Mrs. Willard

Rail Worker Rescued From Burial in Dirt

A Green Bay & Western Railway worker was in good condition today at Community Memorial Hospital after lying buried nearly 10 minutes Sunday afternoon near Marshland, Wis.

Leonard R. Reinke, 58, 923 E. 4th St., was buried under an estimated three feet of

sandy dirt being hauled to a washout on the Green Bay line.

GREEN BAY agent Vernon R. Zimmerman, 727 W. King St., said today that Reinke was riding on top of a load of dirt as a string of air-ballast cars approached the washout at a slow rate of speed about 4 p.m.

The worker was giving the engineer hand signals from his position on top of the load when the car suddenly emptied itself.

Zimmerman described the dumping process by saying that the body of the car tips, the side panel swings out on hinges at the top of the car and the earth slips onto the ground at the side of the tracks.

The Green Bay agent said that the unexpected emptying probably occurred as a result of a piston or air valve leak. "There was no human movement in there. You ordinarily have to pull levers (to empty the car)," Zimmerman said.

A section crew nearby saw the mishap, luckily for Reinke, according to Zimmerman. Digging with shovels and hands they uncovered him within 10 minutes, Zimmerman said.

REINKE'S FACE was blue from lack of oxygen and he had lost consciousness when the workers finally reached him, the Green Bay agent said.

"The big problem was finding him," Zimmerman noted, pointing out that Reinke could have landed almost anywhere under the 25 to 30 cubic yards of earth dumped on the ground by accident.

Reinke was rushed by ambulance to Community Memorial Hospital, where he remained today in good condition.

Damage Heavy In Thern Fire

Heavy damage to 90 percent of the Thern Machine Co. building, 3760 4th St., Goodview, resulted from a "very hot" fire which swept it early Sunday morning, Goodview Fire Chief Joseph Trochta said today.

The Goodview department was called out at 2:50 a.m. by a neighbor who discovered the blaze. A call to the Winona fire department at 3:09 a.m. brought in an extra hose company to fight the flames.

TROCHTA SAID that 40 and 28 men of the volunteer firefighters arrived within a short time of the initial call to find the roof of the Thern building already caved in at the rear.

The Goodview fire chief said that intense heat built up inside the 1½-story concrete-block building. The heat buckled the roof girders, causing the roof's collapse.

While working to bring the blaze under control with three hose streams, firemen also had to worry about two loaded gasoline tank trailers about 100 feet downwind from the Thern building.

THE TRAILERS, parked in front of Winona Truck Leasing, Inc., 3850 4th St., were being showered with sparks from the burning building, Trochta said.

The Winona hose company stayed on the scene two hours. It laid 750 feet of 2½-inch hose.

The Goodview fire department's two trucks stayed with the blaze till 8:30 a.m. They also answered a call to combat a brief flare-up Sunday afternoon.

Trochta said that Gunnar Thurn from the state fire marshal's office is in Goodview today to assist in estimating damage and to investigate cause of the fire.

The Goodview fire chief said that a large inventory of aluminum castings in the building were melted. He added that many winches, chain blocks and hoists and Thern machinery were damaged.

The manufacturing part of the building was rendered unusable for the time being, Trochta said. He said that the office area at the front of the Thern building was saved intact from the flames.

THE THERN office was open today. Royal G. Thern, 1351 Glen View Road, owner of the company, said today that he would have a damage estimate ready by Wednesday, according to Trochta.

Thern recently purchased a new plant site in the city's industrial park at the airport.

Thern was investigating the cause of the fire and extent of the damage today with Thurn and an insurance adjuster.

Police Solve One of Three Hit-Run Crashes

Police investigated three hit-run collisions over the weekend and solved one. It was announced today.

Robert H. Stroinski, 19, 551 W. Mill St., forfeited \$50 today in municipal court on a charge of leaving the scene of an accident without identifying himself Sunday at 12:20 a.m.

CITY ACCIDENT BOXSCORE	
To Date	
Deaths	1965 1964
Accidents	230 161
Injuries	71 65
Property Damage	\$81,060 \$29,713

Stroinski, according to the other driver, failed to stop for a stop sign at Sarnia Street while moving north on Wilson Street. The Stroinski vehicle clipped the left rear of a car driven west on Sarnia Street by Steven E. Graves, 622 Main St., and moved east on Sarnia Street without stopping.

Damage was \$200 to the left side and rear of the Graves car. Sergeant Joseph F. Kryzer and Patrolmen William J. Gordon and Robert T. Theis investigated.

Daniel W. Dittich, 18, Alma, Wis., reported \$125 damage to the left rear of his car after a hit-run collision at 5th and Winona streets Saturday at 8:57 p.m.

Dittich was driving south on Winona Street when the collision occurred with a car driven west on 5th Street.

A third hit-run accident involved the car of Joseph Lane, 515 E. 3rd St., which was parked in front of his home facing east Friday night and Saturday morning.

Sometime in that period, Lane told police, his car was struck in its rear. Lane made no damage estimate on his 1959 station wagon. Patrolman Paul Kayusik investigated.

Charge Reduced In Lake City Death

WABASHIA, Minn. (Special)—In Wabasha County District Court this morning a criminal negligence case was dismissed against Gene Turner, 21, Lake City, on motion of County Attorney John McHardy, Plainview.

McHardy filed a new charge of aggravated assault, to which Turner pleaded guilty. He was referred to the Department of Corrections for a pre-sentence investigation. His \$3,000 bail was continued.

Martin J. Healy, Wabasha, was his court-appointed attorney.

Turner was first charged with allegedly forcing the car of Alvin Adler, 58, Millville, off Highway 61 at the south edge of Lake City Dec. 17, resulting in his death.

Judge Donald T. Franke dismissed the jury that had reported to hear the case and ordered them back in court Thursday at 9 a.m.

Aerials Broken On Three Cars

Petty vandalism plagued Winona police over the weekend, Chief James W. McCabe reported today.

Three car aerials were broken off vehicles parked in the 200 block of West Broadway late Saturday night and early Sunday.

Gareth Anderson, 215 W. Broadway; Kenneth Harstad, 211 W. Broadway; and Grant Grubb, 207½ W. Broadway, all reported aerials snapped off their cars. The vehicles had been parked off the street in front of their homes.

Chief McCabe also reported that Patrolmen Richard D. Peterson and Sylvester J. Rotering discovered a stop sign removed from the intersection of Orrin Street with Gilmore Avenue today at 12:37 a.m.

Watkins President To Speak to Direct Sellers in Canada

James N. Doyle, president of Watkins Products, Inc., will be a speaker at the annual convention of the Canadian Direct Sellers Association at Ottawa, Ontario, Tuesday and Wednesday.

Doyle will discuss the training of dealers, distributors and managers as part of a panel on personnel development. He will develop the idea that some kind of sales training is inevitable and therefore should be properly planned and executed.

Watkins has an extensive operation in Canada, including manufacturing plants for Canadian products in Winnipeg, Manitoba and Montreal, Quebec. It also maintains branch offices in Winnipeg, Montreal and Vancouver, British Columbia.

HOSPITAL DISCHARGE Mrs. Michael Mahler, discharged at Community Memorial Hospital Saturday, is at the home of her sister, Mrs. Gertrude Folschette, 515 E. Broadway.

16th Liquor License Bill Loses in Senate

City Council hopes for an additional on-sale liquor license for Winona were dashed as the legislature adjourned Saturday night without passing the authorization bill.

Restricted to a luxury motel having 75 or more units, the license would have applied to the Holiday Inn, now being planned for Huff Street and Highway 61. The bill passed the House the previous week and went to the Senate last week where it failed to gain approval.

Council President Harold Brisath said the bill was turned down on grounds that the motel was not yet in existence, despite the apparently favorable findings of the Supreme Court in a long drawn-out lawsuit.

Jones Trial Delayed to August 10

A compromise delay was granted in the scheduled burglary trial of Erwin Jones, Mankato, Minn., after a hearing Friday afternoon in Olmsted County District Court, County Attorney S. A. Sawyer said today.

The defense has asked for a continuance of the case to the fall term of court, Sawyer said. The trial had tentatively been set for June 7.

JUDGE Donald T. Franke, in effect, compromised between the June 7 date and the delay requested by Attorney Joseph Gunderson, Albert Lea.

According to Sawyer, Gunderson told Judge Franke Friday that he intended to associate himself with an unnamed Rochester attorney who is serving in the legislature. The new man would need time to prepare the case for trial, Gunderson argued.

When the judge asked who the legislator was, Gunderson said he was not in a position to say. Judge Franke must give a delay in such a case, however, Sawyer said.

Sawyer had argued that the case has been delayed several times already at the defendant's request and that a case as serious as the Jones one should be tried as soon as possible.

A WINONA policeman, expected to be a witness at the trial had planned to take his vacation in August, Sawyer said. The patrolman plans to go to California, he added.

Jones is charged with shooting a policeman while escaping from the scene of an alleged burglary at Winona Senior High School Jan. 7.

Money Stolen At Pickwick Mill

A break-in and theft of \$10 at the Pickwick Mill and a car window broken by juveniles were reported to Sheriff George L. Fort Sunday, he said today.

Karl Wersholen, Lamolille, reported Sunday morning that a burglar had entered the Pickwick Mill Saturday night by prying up a window on the mill's east side.

A cash box inside the building also had been pried open, and about \$10 in cash was taken, Wersholen reported.

Richard Seeling, 4130 8th St., Goodview, reported Sunday afternoon that three boys threw stones through one of the windows of his car while it was parked in front of his home. He did not estimate his loss.

The three juveniles have been identified, the sheriff said.

City Collector Tops Coin Show

A Winona coin collector captured three awards Sunday including "best of the show" at the annual Valley Coin Rally, sponsored by the Winona Coin Club.

He was Leo Lang, whose display of United States coins won top honors in the U.S. coin competition and also was named "best display of the show."

Lang's currency display placed second and his odd and curious display took third in other competition.

About 2,000 attended the two-day event which featured a coin auction Saturday evening and the award presentation Sunday.

Twenty-five coin dealers from the Midwest had coin booths at the show. The display winners: U.S. coins: Lang, first; J. M. Pugh, Austin, second; and Mrs. Louis Sheekanoft, Winona, third. Foreign coins: Paul Mullaney, St. Paul, first; Herman Krause, Winona, second; and Arthur Zoellner, Marshfield, Wis., third. Currency: Pugh, first; Lang, second; and Sandy Kokesch, Minneapolis, third. Medals: Danny Wiseman, Austin, first; William De Witt, St. Paul, second; Canadian: Kokesch, Odd and curious: R. Hoover, Rice Lake, Wis., first; Neils Nielsen, Minneapolis, second; Lang, third.

The coin show will be discussed at a meeting of the Winona Coin Club at 7:30 p.m. Tuesday at the VFW Club.

Drive-in Theater Collision Causes Damage of \$110

A collision at the Sky-Vu drive-in theater Saturday at 9:15 p.m. caused \$110 damage to the two vehicles involved, Sheriff George L. Fort reported today.

Everett W. Woodward, 21 Dover, Minn., was backing out of a parking stall at the theater when the collision occurred with a car driven east in the exit lane by Thomas E. Schmidt, 18, 4225 6th St., Goodview.

Both cars' lights were off at the time of collision, according to the sheriff's report. Damage was \$100 to the left side of the Schmidt car and \$10 to the left rear of the Woodward vehicle.

Deputy John Schneider investigated.

Blood Collection Set Next Week

The vacation season may be starting, but the need for blood takes no holiday.

This is the message of the Winona County chapter of the American Red Cross as it prepares for its blood drive next week.

"We hope we have a good response from the citizens," Mrs. Carl Breitlow, blood program chairman for the chapter, said today.

She explained that in past drives here, it was the contributions of college students that pushed collections past the county's quota.

Now, however, college students will either be gone or will be involved in their final examinations.

It's up to the citizens of the county to carry the drive to its quota themselves, Mrs. Breitlow asserted.

The need for blood does not diminish during the summer, the Red Cross points out, even though many persons seem to be too involved in summertime activities to think of making an appointment to give blood.

Many of these warm-weather activities, however, can result in accidents that demand life-saving blood. Moreover, surgery, which often requires blood transfusions, goes on all through the summer, as it does during the rest of the year, the agency says.

The bloodmobile will be at the Red Cross center, 5th and Huff streets, June 1 through 4. Hours will be noon until 6 p.m. June 1, 2 and 3, and 9 a.m. until 3 p.m. June 4.

Prospective donors are asked to make appointments as soon as possible, Mrs. Breitlow said.

Dredging Begins At City Marina; 4 Days Needed

Dredging operations to clear the clogged entrance of the city's smallboat harbor on the upper end of Latch Island got under way this morning by the U. S. Corps of Engineers.

Derrick Boat 767 with a crew from the government boatyard at Fountain City, Wis., is working on the project which R. J. Thoman, master of the boat, said would require about four days.

This means that the municipal harbor will be operational with the exception of docks damaged by the flood which have not yet been repaired for the Memorial Day weekend.

Many boats have been removed from their slips to make way for the dredging operations but Capt. Thoman said after the entrance is cleared, the dredge will have to work about only 100 feet into the harbor since the east end did not have a heavy sand deposit.

The sandbar deposited by the flood waters at the harbor's entrance, however, would be three feet out of the water at a normal stage, Capt. Thoman said.

The derrick boat is equipped with a four cubic yard clamshell shovel which is depositing the sand and muck on the island shore. Much sand was deposited during the flood on the harbor drives and on the south end of Latch Island where there are piles 8 and 9 feet high.

Plans for repairing a break in the harbor dike on the west or lower end are in the offices of the Corps of Engineers.

There still is no power to the boat slips pending repairs to the docks and power lines.

Lamolille Man Fined \$200

A Lamolille man was in county jail today while attempting to raise money for two \$100 fines imposed after his guilty pleas to drunk driving and driving after revocation charges today in municipal court.

Roy A. Larson, 37, pleaded guilty to drunk driving (causing an accident) Saturday at 3:47 p.m. on 3rd Street, just east of Hamilton Street, and to a charge of driving after revocation of his driver's license (third offense) at the same time.

Judge John D. McGill imposed fines of \$100 or 60 days in county jail on each charge.

The judge ordered Larson to surrender the license plates and vehicle registration of the car he was driving. However, he waived these conditions, provided Larson sells the car within five days.

Larson told Judge McGill that he had just bought the car in preparation of a driver's test he had been scheduled to take Tuesday.

Four people were injured in a two-car collision that followed Larson's swerve across the center line while he was driving east on 3rd Street Saturday afternoon.

Larson had several teeth knocked out, and several more had to be pulled by a dentist. Three girls, aged 8 months to 4 years, riding in the other car were bruised. The girls were treated and released from Community Memorial Hospital Saturday.

NO TEENAGE DRIVING

A teenage driving roadster, scheduled for Saturday afternoon at Westgate Shopping Center, was discontinued for lack of participation, sponsoring link for Chamber of Commerce officials said today.

NEAR 80 TUESDAY Showers Expected Most of This Week

It'll be scattered showers and thunderstorms tonight and Tuesday for Winona and vicinity, according to the weather forecast for the area.

Warmer weather is expected tonight with the low 58-65. A high of near 80 is expected Tuesday. Scattered showers with near normal temperatures is the outlook for Wednesday.

THE EXTENDED forecast for the next five days indicates temperatures will be 2 to 6 degrees above normal daytime highs of 67-71 and nighttime lows of -47-53.

Precipitation through Saturday is slated to average up to an inch, with some heavier amounts, as occasional showers and thunderstorms throughout the period.

Temperatures got no higher than the mid-60s over the weekend with a high of 65 Saturday and 64 Sunday. Low Sunday morning was 51 and this morning 53. At noon today the reading was 71.

A year ago today the high in the city was 88 and the low 61. On that day 47 of an inch of rain fell. All-time high for May 24 was 93 in 1928 and the low for the day 34 in 1925. Mean or the past 24 hours was 71.

4 Plainview High Seniors to Speak At Graduation

PLAINVIEW, Minn. (Special)—Four of the eight students completing Plainview High School with very high honors will speak at the 94th commencement exercises in the auditorium Friday at 8 p.m.

Harold L. Carter, Deborah Riese, Yvonne Schroeder and Robert Johnson were selected to speak by Mary Ann Hall, Elden G. Lamprecht, Sharon Schmidt and John F. Simon. High honor students are Susan J. Brunner, Joan Klees, Linda Ohm and Eileen M. Warthesen.

Supt. Ray Pearson will extend the welcome. Robert Johnson, high school principal, will present the class to Arthur Schind, school board chairman, who will confer the diplomas.

The band will play the professionals. The Rev. Charles Schwenke of the Presbyterian Church will offer prayers.

A congratulatory reception will be held in the cafeteria. The class motto is "Impossible is Un-American." The class flower is the lavender orchid and colors, lavender and white.

Officers of the graduating class are: Robert Johnson, president; Roger Miller, vice president; and Michael Schneider, secretary-treasurer.

Variances Asked Of Zoning Board

Two petitions for variances will be heard June 3 by the Board of Zoning Appeals at City Hall.

Miller Waste Mills, Inc., will ask a variance from front setback regulations in order to add space to its building at 566 E. Front St. The present front is nearer to the lot line than the prescribed 25 feet for M-2 zones and the firm wants the addition to conform to the rest of the building.

Fawcett Funeral Home, Inc., 1426 W. Broadway, is asking a variance from residential zoning regulations in order to erect two lawn signs. The establishment is in an R-3 zone.

Positives Down In School Mantoux Tests

With 96 percent of eligible school children tested, the number of positive reactors in 1965 Mantoux tuberculosis tests was half that of the year before.

This year eight reactors were found, according to the public health nursing service. In 1964 the total was 17. Tests were given to 6,591 of a possible 6,993 children in 15 city public and parochial schools. Tests were refused by 104, or two percent, of the children. Another 148 were absent and therefore untested.

Indications are that the trend of infection is downward, the nursing service said. In 1958 there were 11 times as many reactors as this year, when 89 youngsters were shown to have been exposed. In 1960 there were 21, in 1961, 10, in 1962, 10, in 1963, 22.

A positive reaction to the Mantoux test indicates that the individual has been exposed to the disease. Each of the positive reactors is urged to have X-ray examinations to see whether the disease has been contracted by the lungs.

One new case of active tuberculosis has been reported in the city this year, said Mrs. Mary Crane, nursing supervisor. It appeared in an adult and was not related to the Mantoux testing program, she said.

Persons wishing X-rays may obtain them free at the health department offices in City Hall Monday, Wednesday and Friday afternoons.

Winona Stater Heads SMEA

A Winona student — Sergio Lang — was elected president of the Student Minnesota Educational Association at the organization's convention in St. Cloud over the weekend.

The Winona State student topped a field of three which had been selected by a nominating committee composed of present officers and field representatives of the Minnesota Education Association. Voting was by secret ballot.

He heads an organization of 32 college and university chapters with a current membership of about 3,400.

Lang, as the other candidates made a five-minute speech on his own behalf Saturday following a session Friday night in which a new constitution was adopted. Lang proposed a program which included implementation of the constitution at the local level, establishment of area divisions, cooperation with fellow officers for improvement of the education profession, support of Mrs. Irmavac Applegate of St. Cloud for National Education Association president — elect and incorporation of high school Future Teachers of America in some SMEA program.

Lang, the retiring president of the Winona State SMEA, is the son of Mr. and Mrs. Carl W. Lang, 467 Kansas St. He's majoring in business administration and minoring in speech and physical education. He has lettered in swimming and football and is a member of the Winona State Student Speech Association, W Club, Kappa Delta Pi, Lutheran Students Association and the student-faculty teacher retention committee. New president is Michael Wagner, Caledonia.

Housing Code To Be Discussed

What About Cowboy Heroes?

By EARL WILSON

NEW YORK — Those varmints — the Hollywood writers, directors and producers — are trying to destroy one of my idols... the old-time western gunfighter.

They're trying to make him out to be a drunk who could hardly stay on his horse.

Some of his great trick-riding in the crises was not due to his riding ability but to the fact that he was falling off his pony after an attack of acute alcoholism.

The pony, by swerving cleverly at the proper second, was able to hold him up and help him scare off the rustlers or whoever they were scaring off that week. One reason for his great success at scaring off enemies was that he looked so terrible with his hangover that he would scare off a scarecrow.

Lee Marvin plays the drunken old bum kind of gunfighter in a burlesque western called "Cat Ballou," produced by Harold Hecht and directed by Elliott Silverstein — which may ruin western pictures for you for all time.

"Kid Shellen" — as the grizzled old gunfighter is called — will just about shoot up anybody anywhere for \$50... but if you haven't got 50 bucks, would you buy him a drink?

"I'll DRINK to that!" he says, in a saloon in Wolf City, Wyo., in 1894, to any remark anybody makes — but it doesn't work.

Nobody offers to buy him a drink. That not only makes him nasty, it makes him thirsty.

I don't want to tip off the story of how Jane Fonda, a schoolteacher turned bank robber, escapes from being hanged — but there are other burlesque touches, including J. C. Flippen, playing the sheriff, being the happiest guy in town when he says the hanging's got to go through on schedule.

"I think there are a lot of public officials," said Director Silverstein, "who are quite happy when they have to execute somebody — it makes their whole week."

THE GIFTED LEE Marvin plays both Kid Shellen and the rival gunfighter he's supposed to kill, Tim Strawn.

Strawn has a silver nose, inasmuch as his real nose has been shot off in some saloon. There is a scene in which a horse is able to cross its legs — another in which Lee Marvin, going to a wake and noticing the candles at the coffin, is so drunk he blows out the candles and says, "Happy birthday!"

It's a terrible thing they're doing to our great gunfighter heroes. I just hope they never start on columnists and editors!

WISH I'D SAID THAT: A fellow described his home town: "It was so small that the Boy Scouts had only two directions on their compasses."

EARL'S PEARLS: Two of society's problems are how to stop school kids from dropping out and unexpected guests from dropping in.

Comic Chuck McCann overheard a fellow warn his wife: "I'm telling you — one more TV dinner and you better look for a new sponsor!"... That's earl, brother.

Sit-in Leads To Romance

OAKLAND, Calif. (AP) — They met and fell in love, they said, during the rash of sit-in demonstrations last November and December on the Berkeley campus of the University of California.

So, Mario Savio, 22, former head of the Free Speech Movement of the university, and fellow leader Suzanne Marilyn Goldberg, 25, applied Friday for a marriage license in the Alameda County, Calif., court house.

They received the license after Miss Goldberg paid the \$2 fee.

Lake City High Hires Teacher; Seeks 3 Others

LAKE CITY, Minn. (Special) — Four teachers will leave Lake City at the end of this school year.

Replacements are being reviewed for Mrs. Dawn Ramseth, English and dramatics; Miss Gladys Paulson, math; Mrs. Laura Nelson, kindergarten, and Charles Ecklund, business education. Miss Paulson has taught at Lincoln High 20 years, including art in junior high at one time.

James Roforth, 29, has been hired as counselor. Graduate of Granada High School, he has a B.S. degree in industrial arts and physical education and an M.A. in guidance from Mankato State College. He was teacher and coach at Comfrey three years and comes here from the faculty at Sleepy Eye.

Roforth also will be football coach, replacing William Kiefer, who requested release at the end of the season last fall. As counselor he follows Donald Weiss and Paul Fagerlund. He and his wife have two sons.

Named to State Advisory Post

MONDOVI, Wis. (Special) — The home economics teacher at Mondovi High School has been named to the state Advisory Committee.

Miss Jane Klatt represents 11 counties in west central Wisconsin and serves with four other teachers and representatives from the state Home Economics Association, Board of Vocational and Adult Education, Department of Public Instruction, and curriculum specialists.

The committee revises curricula, specifies and writes over-all policies concerning the subject in the curriculum, and coordinates activities related to curriculum revision in home economics.

NASON ON EDUCATION

Teaching Children To Use Leisure

By L. J. NASON, Ed. D., U. of Southern California

When our children move into the working world, they will be faced with shorter work-weeks and longer vacations. An important part of their education must be practice in the worthy use of free time.

Summer is the ideal time for children to learn to live with leisure. Most children will need mother's help, at least at the start. Through the school year, the time of younger children has been regimented in school as well as out of school. Suddenly, they are on their own.

Instead of summer vacation being a time when mother must devote hours to supervision, it should be thought of as a time of opportunity to direct leisure activities.

The child who is busy, for whom the days are scarcely long enough to get all the things done he wants to do, will be a busy, happy adult.

CHILDREN SHOULD be guided into a wide variety of experiences out of which they will hopefully carry a few into adult life. If they maintain many interests, all the better. There appears to be a relationship between the holding of wide interests and being a well-adjusted individual.

Here are a few of the areas to be considered:

Music offers a wide range—listening to good music, attending concerts out of doors, playing musical instruments, performing with community groups, attending a music summer camp.

Independent study can become one of the most worthwhile pleasures in life. It can start in the summer while there is a relief from regimented study. The more one learns about any subject the more interest is generated for further learning. This seems to have a snowballing effect. Thus, continued learning becomes a major key to the enjoyment of leisure. As an example, a little investigation of the geography or history of a country, perhaps at the same time that travels can be viewed, can easily lead to a hobby. It also can serve as background for enjoyable travel in later years.

DRAMA, whether it be children putting on a show in the backyard or volunteer work in summer stock, gives an opportunity for cooperation with others as well as an opportunity to act out planned behavior. It also gives an opportunity to

First Trip May Be Last

FAIRBANKS, Alaska (AP) — Agriculture Department official Byron G. Allen has wound up his first trip to Alaska. It may be his last.

On his arrival in Fairbanks, Allen landed in the hospital with intestinal flu.

Released Thursday, he was invited to go on a flying tour of the Tanana Valley. At the airport, he walked into the wing tip of an airplane, injuring his right eye.

The eye was treated and bandaged at a hospital.

50,000 Frog Watchers at California Race

ANGEL'S CAMP, Calif. (AP) — Spiced with international intrigue, the centennial of the Calaveras County Jumping Frog Contest ended Sunday night with more than 50,000 frog watchers watching.

For the over-all winner, a big bullfrog named "Hops" from Lafayette, Calif., it was literally a case of do or die.

"We don't eat them if they win," said Hops' co-owner Leonard Hall, a frog-raising lover of frog legs who is \$300 richer because of the champion's 14-foot-9-inch leap.

Mark Twain, who immortalized the jumping frog competition in the sleepy little Sierra foothills town 100 years ago, would have gotten a giggle out of the international complications Sunday.

Only one of the three entries in the foreign frog contest got off the ground.

"The Swedish entries turned out to be toads," said a contest spokesman, "and the Filipino frogs didn't show up."

That left the foreign contest with only a black-and-white amphibian named "Impala" from South Africa, owned by Piem Fourie and T. Botha, who come from Germiston. Naturally, he won, with a leap of 11 feet 5 inches.

Angel's Camp, which normally has about 1,800 inhabitants, was an amiable madhouse over the weekend. Residents welcomed visitors by hanging out their wash.

The normal peace and quiet of the fairgrounds was shattered by 10 high school bands, Scottish bagpipers, beauty contests, vaudeville shows, fireworks and all the hoopla of a few circuses.

Frog owners kept to themselves. They regard their training methods as "top secret." At the fateful moment, a frog is placed in the center of a measured circle preparatory to the jump. Owners station themselves on the rim.

Extra Jobs Sought for U.S. Youths

WASHINGTON (AP) — President Johnson launched Saturday night a job-hunting campaign for some two million American youngsters who will be looking for work when school's out in June.

He directed the federal government to aid the campaign by seeking "meaningful work" for some 25,000 trainees this summer. And he appealed to governors, mayors, private employers, labor unions, trade associations, churches and colleges for cooperation.

Johnson directed government departments and agencies to try to find work opportunities this summer for one extra trainee for every 100 employees on their present payrolls.

Walleye Named Minnesota Fish

ST. PAUL (AP) — Gov. Karl Rolvaag Friday signed into law a bill designating the walleye as the official state fish of Minnesota.

He also signed a bill suspending for two years land acquisition and land trades in the Superior National Forest in Cook, Lake and St. Louis counties.

Another bill signed by the governor prohibits the sale of cocaine preparations except by prescription.

Juniors — Herb Moor, two, Mary Lund, one. Sophomore general letter, rare — Beverly Richardson.

Julie Stork was announced as Girls Stater by Mrs. Audrey Teslow, American Legion Auxiliary. Herb Moor was announced as Boys Stater. John Aulse, Richard Evenson and Richard Kingsbury won the grade 7-8 prize contest. Awards also were presented for library, physical fitness and attendance.

Supt. Harold Aulse gave closing remarks.

Empire State Lights Menace Migrating Birds

NEW YORK (AP) — The management of the 102-story Empire State Building Sunday, renewed its annual agreement with the National Audubon Society to turn off floodlights on

the topmost floors when weather conditions pose a threat to migrating birds.

Roland C. Clement, staff biologist of the Audubon Society, said the lighting is a hazard to birds only on nights with low cloud levels, fog and rain. During these weather conditions, he said, confused birds have flown toward the high-level lights and fluttered around them until exhausted.

Legislative Session Pretty Much a Flop

THE 1965 LEGISLATIVE session which ends today was one nobody could be proud of.

The legislators, with a conservative majority in both the House and Senate and an obstinate liberal in the governor's chair:

Raised taxes. (Naturally.)

Raised their own pay from \$200 to \$400 a month despite the fact that the session lasts only 120 days with little or nothing accomplished the first 100.

Set up a pension system for themselves if they have served ten years with a maximum payoff of \$200 a month and a provision that they can "buy back" ten years of their own small contribution to the fund to make them eligible.

Passed a botched reapportionment bill which will satisfy neither rural nor urban areas.

Refused to straighten out the daylight time mess which was more confusing this year than ever before.

Refused to allow liquor sales in the resort areas on Sundays.

ALL IN ALL, the session was pretty much of a flop. Tax reform was again bypassed. There was, in fact, little if any creative achievement and the battle between the lawmakers and the governor was pretty much of a standoff with the governor's "popularity" continuing to decline. Karl Rolvaag would be hardpressed to win re-election indeed if an election were to be held this week.

He refused to grant tax reciprocity, by his veto, to residents of other states who work in Minnesota which House Speaker Lloyd Duxbury of Caledonia termed discriminatory against thousands of Minnesotans.

We're inclined to agree with a St. Paul editorial writer who says there are too many legislators, too many legislators who serve mainly to represent special interests and too much domination by lobbyists although lobbyists sometimes are helpful because each is an expert in his own field.

With the most important bill passed within a few hours of adjournment the final day for passing bills Saturday night, it might be well to inquire, "What happened during the rest of the session?" Was there too much partying and too little attention to the state's business? Were there too many early adjournments and too much socializing in the corridors of the Capitol? Are our representatives in St. Paul as competent as they should be to carry on the billion-dollar-a-year state's business?

INCOME TAXES WILL be raised 1/2 to 1 1/2 percent. A sales tax went down the drain when the hog-tied governor, because of his commitments to labor and other of his partisan supporters, announced on May 14 that he would veto such a measure. (Thirty-nine of the nation's 50 states now rely on a sales tax as their chief source of income.)

The major appropriations bills for the next two years will total \$791.5 million. This will be \$128.5 million more than the 1963 Legislature approved for 1963-65.

Commenting on the session terminating today, Editor Bill Sumner of the St. Paul Pioneer Press has the following to say:

"OUR LEGISLATURE IS hopelessly outmoded and is in desperate need of reform.

"It needs to be trimmed, perhaps by as much as 50 percent. We have 202 legislators, an unwieldy army, and in comparison with California, for example, which gets by with a legislature of 120 for a population of 17 million, a veritable horde.

"It should meet every year. The problems of a state whose budget is rapidly approaching the billion mark are too vast and complicated for a short and frantic session every other year.

"The legislators — this, assuming, their numbers were cut drastically — should be given professional pay, and realistic per diem allowances. They should be given offices and they should have administrative assistance and secretarial help available to them.

"The work of the legislature should continue through the off season through interim committees holding formal hearings and preparing legislation. And the various legislative committees should be more adequately staffed.

"THE MINORITY FACTION, too, should be given an adequate legislative staff. Through their denial of this in this session, the Conservatives performed a disservice both to the Liberals and to the state. For with professional counsel representing a viewpoint can come better legislation and helpful compromise as opposed to blind, unthinking partisanship.

"In all, we need professional legislators. It should not have to be a financial sacrifice to serve the state, nor should serving the state simply amount to a license to become a voting lobbyist or provide special interests with THEIR man in St. Paul.

"With this, perhaps, could come a much desired, long needed legislative code on conflict of interest. No legislator should represent anything but his state, his district and his electorate, which is a sort of utopian dream under the existing organization.

"ALL OF THIS IS NOT to say that we do not have some extremely capable legislators. We do. But with the present concept of organization and professionalism it is nothing short of miraculous that the state functions as well as it does."

Critics Help Chinese Reds

By DAVID LAWRENCE
WASHINGTON — How can the United States government convince Red China that there will be no retreat or withdrawal of America's armed forces from South Viet Nam until the people of that country are assured of an unhindered opportunity for self-determination?

President Johnson has said many times that the United States is in earnest and will patiently pursue its objectives, even though this may require many years. But is he getting his message across?

"Let none anywhere falsely assume," said the President the other day, "that the debate freedom permits reflects division on the decisions and decisiveness which duty to freedom may require. The Community of free men is a community united — and so it shall remain until peace on this earth is sure and safe."

DESPITE WHAT the President says, however, there are, here and abroad, captious critics and conscientious opponents of his policies whose objections are given a prominence that is out of proportion to their true significance. This encourages the Communist Chinese to believe that if they stick to their present strategy long enough and hold on indefinitely, the United States government will grow tired and will eventually find a face-saving device, by means of negotiation, which will be actually equivalent to withdrawal.

Unfortunately, there are precedents which indicate that the United States has not always pursued a conflict to the point of victory or to the attainment even of military objectives. The Korean War, for instance, was ended in 1953 by an armistice which to this day has not been formalized by a peace treaty. The peoples of Korea today are ruled by two governments — a Communist regime in the north and a republic in the south.

The Communist Chinese have for years dominated North Korea, and the biggest mistake which the United States made during the Korean War was to limit its military operations and refrain from bombing Chinese bases from which supplies, equipment and troops were sent to carry on the war against the collective forces of the United Nations in Korea.

THE U.N. is not involved today in the Viet Nam situation, but there are many persons who are constantly calling for the world organization to participate. It is in reality, however, a frustrated instrumentality. The Communists have infiltrated many of the member countries and are able today to command a majority in the general assembly and to exercise a veto in the Security Council, so that there is little opportunity for the U.N. to take action toward a durable peace. This unpleasant fact is ignored by most of the proponents of U.N. intervention in the Viet Nam controversy.

The United States, therefore, now is really testing how far an individual nation can go in seeking to achieve peace and to assure the independence of smaller countries so that they will not be invaded by powerful neighbors and deprived of their liberties. The goal of America is just as idealistic as it was in World War I, World War II, and the Korean War.

THE WASHINGTON MERRY-GO-ROUND

Freshman Senators to Battle Right Wingers

By DREW PEARSON

WASHINGTON — Fifteen years ago, Joe McCarthy and the fanatics of the right ganged up on the late Sen. Millard Tydings, D-Md., and trounced him in one of the most scurrilous Senate campaigns in history. His defeat was avenged last year by his stepson, lean, likeable Joe Tydings, who will deliver his maiden speech this week as a freshman senator.

As his first issue, he has chosen to battle against the malapportionment of state legislatures. The Supreme Court has ruled that the legislatures must represent all the voters equally. This has come to be known as the "one-man, one-vote" decision, which has caused an uproar in legislatures dominated by rural areas.

Before the Supreme Court stepped in, less than 20 percent of the population could elect the senators in eight states. It took only 8 percent of the people in Nevada to control the state Senate. The vote of a Vermont farmer, as another example, was worth 987 times more than the vote of his city cousin.

YOUNG TYDINGS will fight to save the Supreme Court decision and to defend equal representation, which will throw him up against some of the same right-wingers who helped crush his father.

These extremists seem more interested in rebuffing the Supreme Court than in saving state legislatures from reapportionment. They are agitating for a new constitutional convention, which they would seek to infiltrate as they did the 1964 Republican convention in San Francisco.

As the radicals of the right point out, a constitutional convention could rework the Constitution to protect lopsided legislatures, then go on to abolish the Supreme Court and otherwise shake up the government.

It takes 34 states to call a constitutional convention. Already applications have been received from the legislatures of 24 states.

OF COURSE, reapportionment isn't opposed only by extremists. Tydings is also bucking up against such bastions of conservative power as the Farm Bureau and U.S. Chamber of Commerce, which wield tremendous influence over state governments and don't want them changed.

The freshman from Maryland will also take on the Goliaths of the Senate, leaders from both parties, who are receiving powerful political pressure from home to block reapportionment.

Even such liberal figures as Senators Frank Church, D-Ida., Jacob Javits, R-N.Y., Thomas Kuchel, R-Calif., and Frank Moss, D-Utah, have chickened in this battle. Kuchel was appointed to the Senate by the chief justice who wrote the reapportionment decision. Some of the above have a sincere fear of all-powerful majority government, which they believe should be checked by letting the rural minorities keep their veto in state legislatures.

HOWEVER, this gives lawmakers from the small towns and farm communities the power to block the needs and wishes of seven out of ten Americans who live in the cities and suburbs.

Liberals and moderates, who have joined the drive against reapportionment, already find themselves unhappily lined up beside the ultra-conservatives who are directing the drive.

For instance, New York's Jack Javits now finds himself side-by-side with John Satterfield, who last year directed the Mississippi-

financed lobby against civil rights. This year Satterfield got the American Bar Association's judicial committee to oppose the Supreme Court on reapportionment.

The Southern Governors Conference has also lined up with Javits, Kuchel, Church and Moss against reapportionment.

The most active outfit against reapportionment, organized last year to fight the Supreme Court decision, is called the National Commission on Constitutional Government. It is nominally headed by Hal Bridenbaugh, a Nebraska state senator, who has preached that the big cities are evil and their citizens are not fit to govern.

BUT THE real power behind this outfit is Speaker Thomas Graham of the Missouri House of Representatives. It was his legislature that defeated a \$1 minimum wage by an 83-to-68 vote. Yet the 83 legislators who voted against it represented only 1,300,000 people, while the 68 legislators on the losing side represented 2,600,000 people.

The California legislature has actually sent teams at state expense into 19 states to lobby against reapportionment. State Sen. Tom Rees came to Washington to buttonhole congressmen in the Capitol corridors.

Congress Trying To Catch Up

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — The United States often has dragged its feet and, when it did try to catch up, there were protests that this was unwise, untimely, unneeded or unwelcome.

Three examples are now dangling in Congress but seem sure to go through. One is health care for the aged, another is on presidential disability and the third is intended to protect Negroes' voting rights.

Ever since George Washington became the first president in 1789 there has been a big gap in the Constitution on what happens when a president is unable to carry out his duties.

There has been a similar gap on how to fill the vice presidency if the vice president dies or becomes president. Several presidents had been desperately ill and four had been shot before Congress decided to act.

The assassination of President John F. Kennedy finally got the action. And Congress shortly is expected to approve a proposed amendment to the Constitution to fill the gaps. But then at least 38 states must also approve.

For more than 20 years repeated attempts have been made in Congress to put through a program of health insurance, at least for older people. Now the House has finally approved and the Senate is expected to follow suit.

All this shows is that it took the United States quite a while to come abreast of the times.

Britain has had national health insurance since 1911 but went in for it on a huge scale in the 1940s. France has such a program. And Bismarck in 1884 set up national insurance against injury in Germany.

The 15th Amendment, ratified 95 years ago, simply said the rights of citizens of the United States "should not be denied by the United States or by any state on account of race, color or previous condition of servitude."

But for most of the time since, Southern states, by one device or another, have kept Negroes from voting. It wasn't until eight years ago that Congress sought to back up what the Constitution guaranteed by passing the Civil Rights Act of 1957. It took more steps to protect Negroes voting rights in the Civil Rights Acts of 1960 and 1964. All were slow and rather feeble.

Then this year the frustrated Negroes, against a background of violence, protested so thoroughly at Selma, Ala., that they made the injustice against them a national issue and forced it into the national consciousness.

President Johnson went to the people, demanding equal voting rights for Negroes, almost a century after the 15th Amendment to the Constitution said they were entitled to those rights as citizens.

Now Congress is expected to pass the strongest voting bill in history.

The examples of American delay, compared with other parts of the Western world, could be multiplied times over.

One example is the income tax. England had a form of income tax as early as 1692 and a more stringent one in 1799. It really began to spread the tax in the early part of this century.

But the American experience in this was almost ludicrous.

Congress passed this country's first income tax in 1862, during the Civil War, complete with a graduated tax and even withholding from the pay of government employees. The Supreme Court ruled it constitutional in 1891.

But by then the tax had ended and another wasn't passed until 1894. This, too, went to the Supreme Court, with a lawyer for millionaires arguing that if it was upheld it would open the door to communism.

The court in 1895 undid the court of 1891 by declaring the tax unconstitutional.

Breathing Rate Is Discussed

By J. G. MOINER, M.D.

Dear Doctor: What causes the difference in a person's breathing rate? I have noticed that my husband, while sleeping, will take two breaths to my one. — Mrs. J. M.

The normal breathing rate is 16 to 18 a minute, but this is not absolute. An infant, for example, will breathe about twice that fast.

Many other factors can vary the rate quite considerably, including conscious control, whether intentional or not. It is really rather difficult to think about your breathing without influencing the rate even though you try not to.

During sleep there is a substantial range of what is normal. The breathing can be even and regular, or it may be jerky, yet still normal.

ONE OF the important physiological controls is the amount of carbon dioxide in the blood. If, after a period of shallow, slow breathing, the carbon dioxide content of the blood increases, nature then will speed up the breathing to compensate.

In counting your husband's breathing rate as twice as fast, your breathing was to some degree at least under conscious control. He was asleep and breathing according to his physiological needs. The exact rate, naturally, will depend on how deeply one breathes. A deep breath can draw in as much oxygen as two shallow breaths.

Obesity is a common influence on breathing. The overweight person often does a good deal of huffing and puffing. And, of course, lung trouble, such as emphysema, bronchitis, fibrosis, and certain types of heart problems influence the breathing rate.

BUT LET'S not emphasize that too much, or we'll have everybody trying to figure out how fast he or she is breathing, and thinking something's wrong if the number doesn't come out just right.

Serious conditions which affect the breathing are rare, enough discovered in a routine physical examination.

If you are chronically short of breath, that's reason enough to see your doctor, but don't try to be too specific about how often you draw a breath.

Among those watching the parade of about 1,626 Scouts from 82 troops in seven southeastern Minnesota counties were a few mayors. They were introduced from the reviewing stand.

As usual it rained! It has on 20 of the 22 camporees. This time it was only a little, mostly late Saturday afternoon and night.

With the 1,626 boys were 350 leaders. In addition 153 Explorer Scouts from 17 posts and led by 50 adults were encamped at nearby Crystal Springs.

Harold De Reus of Owatonna was camporee chief, assistant by Del Rubberg, who will be chief next year, and Leslie Hosteland, Red Wing. Dr. Robert Oelslager, Rochester, headed the explorer camp.

When Scouts arrived Friday evening they set up camp in district areas. A Skilorama was held Saturday. In addition, an obstacle course was in operation and natural and conservation trails were in operation. The latter was in charge of state and federal wardens and foresters.

In a flag pole raising contest, Bat Patrol of Troop 69, Pine Island, was first. In the obstacle course Thunderbird Patrol of Troop 10, Winona was first. Panther Patrol of Troop 200, Stockton, was tied for third.

Worship services were held Sunday morning. Many parents came Sunday noon for a picnic lunch. The parade included the 45th Army and Claremont High School bands. Among troops winning the senior leaders award for best campsite and evidence of good troop organization were Troop 53, Rushford, Wayne Johnson, and Troop 18, Altura, James Kramer.

More than 100 units are expected for the parade at 2:30 p.m. The convention will begin Friday evening with a reunion dinner for past district commanders, adjutants, president and secretaries.

Houston Names Honor Students

HOUSTON, Minn. (Special) — Seven students at Houston High School constitute the honor group graduating this year, all attaining an average of 3.5 or higher out of 4.0, or straight A.

All members of the National Honor Society and active in extra curricular, community and church, they are: Mary Anderson, Judy Lee, Carolyn Missell, Sharon Poppe, Richard Snow, Dennis Tracy, and James Vonderohr.

Five will enter Winona State College. Mary, daughter of Mr. and Mrs. L. M. Anderson, will major in English and science. Judy, whose parents are Mr. and Mrs. Ralph Lee, plans to become a physical education teacher. Sharon, daughter of Mr. and Mrs. Vincent Poppe, will take nurse's training. Richard, son of the Lloyd Snows, will take business administration. James, whose parents are Mr. and Mrs. Gerhard Vonderohr, will take pre-law.

The other two will study at the University of Minnesota. Carolyn, daughter of the Harold Missells, will prepare for nursing. Dennis, son of Mr. and Mrs. Leonard Tracy, will study engineering.

Poppy Sale Starts Memorial Week At Ettrick

ETTRICK, Wis. (Special) — Memorial weekend observances at Ettrick will open with a poppy sales canvass house-to-house Friday night, announces Mrs. Melvin Gunderson, chairman. Poppy sales will continue Saturday.

A memorial program and bazaar are scheduled at Faith Lutheran Church, rural Ettrick, Saturday at 2 p.m. The Rev. W. K. Winkler, Taylor, will be the speaker. Mrs. Winkler will sing and there'll be other numbers. Mrs. Orrin Bue is chairman of the sale of baked goods, homemade candy and fancywork. A fish pond will be provided for children.

Assemblyman John Radcliffe, Strum, will be speaker at the traditional Memorial Day program at Ettrick Community Hall May 31. The public dinner which the

Time is a tricky element that has a way of slipping by, and before you know it, it's late — too late.

One night while ice skating at the rink in a neighborhood park, I met a young lady. She had blonde hair, was pretty, and had a sparkle in her personality. We were both in our early teens, and I remember she invited me to a party. It was never much of a romance. We were a little young for much more than a passing fancy for someone of the opposite sex, but the element of attraction was there and in a sense, she became my girlfriend, sort-of, until the fickle finger of fate led each of us to other interests.

It was many, many years later when she and her family moved to another community. And, as go the ways of life, we also had moved to the same community. The thing that stimulated this whole account is that my wife reminded me that Jean, the blonde in my life, back in the 30s, is 40 years old today. That little slip of a kid, is now 40 years old. Funny, 40 doesn't seem as old as it once did. I actually married a younger girl — ah, more my own age. You see, we're only 39... not for long, but we're bent to claim it to the strike of 12 on that day when we step into a new age bracket.

TIME IS A tricky element that seems to plentiful in the future, but so little at the present that we figure that putting things off is a proper and logical thing to do, only to find that the future is made up of the present time, and there's little or not time to catch up. The fascinating thing about reunions is to see what time has done to friends of old, and I suspect, the frightening thing about reunions, is to see how fast time has done its work. All the more reason to lay hold on time. So much of it is used foolishly. Parents keep thinking when the kids are older, they'll start going to church as a family. But time passes and the grown children confess, "We never had much of a religious background — you know, the folks never took us."

THE STUDENT says, "Well, I'll just relax an hour or two before the TV. I'll study later." And before he knows it, time has vanished and unexpected interruptions keep him from getting the job done. Funny thing about time. It's a persistent traveler, and unless we travel with it, we get left behind. It seems plentiful in the future, often short at the present, and lost in the past. Unless we utilize time wisely, the individual is the loser.

The next time you have a birthday, or even look in the mirror, think what time has done and ask yourself, "What have I done with time?"

St. Charles Gets Railroad Acreage

ST. CHARLES, Minn. (Special) — A real estate transaction in the Winona County register of deeds office records a deed by Chicago Great Western Railway Co. of 4.74 acres to the City of St. Charles. This is railroad right-of-way in the area the city is giving to the school district for building a high school. Electors approved a bond issue of \$1,285,000 for the school Tuesday.

American Legion Auxiliary had planned for Memorial Day has been canceled.

Pigeon Valley Phone Company Switching June 1

PIGEON FALLS, Wis. — The Pigeon Valley Farmers Telephone Co. at Pigeon Falls will be cut over to dial June 1 at 9 a.m.

Subscribers have been invited to a meeting Thursday at 8:30 p.m. at the Evangelical Lutheran Church to hear how to operate the new phones and see a demonstration. Ernest P. Sobotta, Independence, manager of Tri-County Telephone Cooperative, of which the Pigeon Falls exchange is a member, will speak. Danny Schoenberger, Independence, employed by the co-op, will put on the demonstration. Subscribers will have an opportunity to use the demonstrator phone.

Four-party service has been provided in the rural areas and one-and two party service in the village at a cost of about \$180,000.

The new building was constructed adjacent to the present telephone office. The 250 subscribers will have free service to Pleasantville, Whitehall, and Northfield, whose numbers will be in the new telephone books. Books will be delivered late this week.

Conversion of the Northfield exchange to dial will start in July, Sobotta said.

2 Memorial Services Set in Osseo Area

OSSEO, Wis. (Special) — Two Memorial Day observances will be combined in this area next Monday morning. Speaker at both will be Pastor John Morrison of United Church of Christ, Osseo.

The Thompson Valley service will be at 9 a.m. The Osseo parade and services are scheduled at 10 a.m.

Eighth Grade Exercises Set At Mondovi

MONDOVI, Wis. (Special) — O. J. Schewe, Buffalo County superintendent of schools, will give the address at the traditional eighth grade graduation exercises presented at the Mondovi Elementary School gym Wednesday at 10 a.m. Robert E. Merrigan, elementary principal, will present diplomas to the 95 graduating from the district's elementary schools. Special awards will be conferred by the American Legion.

A concert by the junior high band will precede the program. James Lundquist will direct this and a selection by the junior high chorus. The Rev. Harold Haugland will give the invocation. Mrs. Florence Canar will play processional and recession.

David

SPRING GROVE, Minn. (Special) — The top four seniors at Spring Grove High School will give commencement speeches June 3: David Hollander, the valedictorian and Roger Fossum, salutatory, both straight A seniors, Susan Wold and Pearl Schutteiner.

DAVID, son of the James Hollanders, is National Honor Society member. He was homecoming attendant, member of Viking staff, in dramatics club, track, chorus and boys choir.

Mr. and Mrs. William Fossum are ROGER'S parents. Roger received the National Merit Scholarship letter of commendation and is a member of the Honor Society. Alternate Boys Stater, his activities included instrumental solo and ensemble work, concert, marching and pep bands, chorus and boys chorus, speech, dramatics club, Viking staff layout editor, Luther League and church choir.

Daughter of Mr. and Mrs. William Schutteiner, PEARL, National Honor Society member, was homecoming attendant, class vice president and treasurer, pep club president, on Viking and Spotlight staff, Luther League officer, and in concert, pep and marching bands, solo and ensemble contests, girls octet and sextet, dramatics club, three-act and one-act plays, and church choir.

SUSAN, daughter of the Hil-dus Wolds, was a Minneapolis Aquanet trophy winner in the popular vocal division. She won A rating in clarinet and solo ensembles, piano and vocal solos, Sousa merit awards, played in the All-State and Taconite bands plus school concert, marching and pep bands, and was a baton twirler. A piano teacher, she's been school accompanist, substitute church organist, in church choir and school chorus, and put on a vocal recital for the grade school.

She won state honorable mention in Latin translation; was Houston County winner in Voice of Democracy essay contest; attended Girls State; was DAR candidate; Spotlight and Viking co-editor; Dramatics Club president; past class president; cheerleader; in three-act plays

Rolvaag Explains Veto Of Redistricting Plan

ST. PAUL (AP) — Gov. Karl Rolvaag today vetoed the reapportionment bill sent to him by the legislature. He described the bill as unconstitutional and "a blatant, calculated political gerrymander" designed to keep Conservatives in power.

He sent his seven-page veto message to the legislature on the last day of the regular session without indicating whether

he planned to call a special session. Some legislators have questioned whether a reapportionment bill requires the governor's signature, and the veto may precipitate a court test.

The federal court in December 1964, ordered the legislature at its regular session to reapportion the state on a population basis.

The court has the power either to do the job itself or to order an at-large election.

"I cannot construe 'one man, one vote,' to read 'one man, two votes,'" said the governor, adding in another place, "This bill is designed to insure continued control of the legislature by the party which currently holds the majority. It is, in short, a blatant, calculated political gerrymander."

He said the plan is "not only intolerably deficient in population equality but manifestly unfair to rural areas as well. 'The house districts proposed in this bill range in size from 16,588 in Houston County to 33,158 in Anoka County. The Senate districts range in size from 39,063 in Kittson, Roseau, Lake of the Woods and Marshall counties to 63,825 in McLeod, Sibley and Nicollet counties. 'This is the worst population disparity of any of the six reapportionment plans presented to or passed by either house of the legislature.'"

In rural areas, the governor said, at least 10 county boundaries are "violated without achieving reasonable population equity within the districts."

The governor said the bills also contain a consistent pattern of "discrimination against residents of the Twin Cities metropolitan area."

He listed five examples of what he called "devious means" used in gerrymandering:

"1. In a consistent pattern of discrimination, DFL oriented districts tend to be larger than Republican oriented districts, plus concentrating as many DFL voters as possible into as few districts as possible."

"2. The principle that political boundary lines will be respected asserted to justify otherwise intolerable population inequities is in fact applied only where advantageous to the current legislative majority."

"3. The asserted principle that 'to the extent deemed possible traditional and established legislative district lines have been regarded' is similarly applied in a fashion which is inconsistent with a respect for population equity, but quite consistent with a solicitous concern for the welfare of Republicans."

"4. While boundaries are drawn to prevent contests among incumbent members of the current legislative majority, they are intentionally drawn, where possible, to create contests among DFL incumbents."

"5. Another gerrymandering device is the selective use of at-large House districts in suburban Hennepin County."

The governor also said that "gerrymandering which has occurred to provide safe seats for the majority party and to deprive DFL sympathizers of the just representation to which their numbers entitled them is readily apparent to anyone who looks at the crazy-quilt map of Minneapolis or Ramsey County."

"I had hoped," the governor concluded, "that this session would produce a constitutional and fair reapportionment act. 'At least six comprehensive bills were introduced, each of which came substantially closer to the constitutional mandate than does this bill. 'I was particularly heartened by the introduction of the Sinclair-Rosenmeier bill. Even as this bill passed the Senate, modifications could easily have been made to render it fair to everyone."

"The people of Minnesota have the right to expect a just reapportionment in accordance with the Constitution."

'Picturephone' On Display Here

New-communications equipment, including a model of the "picturephone," is displayed in Westgate Shopping Center today and Tuesday.

The equipment will be in Northwestern Bell Telephone Company's "communications showcase," a trailer that will be parked in the shopping center from 3 until 9 p.m. today and from 9 a.m. until 9 p.m. Tuesday.

In addition to the picturephone, the trailer also holds a model of the laser that produces a concentrated light beam, which might someday be used to carry telephone conversations; an exhibit of how the "early bird" satellite orbits about the earth, and a replica of Alexander Graham Bell's first telephone.

The picturephone will enable a visitor to see himself as others will see him when the devices are actually used to carry conversations.

On One Injured In Durand Crash

DURAND, Wis. (Special) — No one was injured in a two-car accident Sunday at 1:30 a.m. on Pepin County SS.

The vehicles were driven by Gloria Bignell, 17, Arkansaw, driving a 1952 car, and Marvin Swartz, 25, Pepin Rt. 2, driving a 1959 automobile.

Gloria stopped suddenly for a deer crossing the highway and was hit from the rear by the Swartz car. Damage was under \$100 to both cars, according to Donald McMahon, county traffic officer.

Fun, Fund-Raising Combined At McKinley Dinner Party

Fun-D Night at McKinley Methodist Church, a joint fun and fund-raising event, provided a large fund of money for official board expenses and a great amount of fun for members and guests who attended the \$5-a-plate dinner Thursday at the church.

MRS. SHERMAN Mitchell had charge of the program and she and Mrs. Bruce Reed chairmanned the dinner, assisted by Mrs. John Schmidt.

Highlight of the program was the presentation of their own original compositions, played on electric guitars, by Richard Allen, 11-year-old son of Mr. and Mrs. Ed Allen, and James Reed, 10-year-old son of Mr. and Mrs. Bruce Reed. They played "Hesitation" and "Unnamed Number," which they composed with their drummer, Gene Thiele, 11-year-old son of Mr. and Mrs. Waldemar Thiele. The latter was unable to attend because of illness.

Mary Laufenberger, daughter of Mr. and Mrs. Earl Laufen-

berger, gave a humorous reading, "The Night the Bed Fell" by James Thurber.

"Feed the Birds," a song from "Mary Poppins" was sung by Linda Heyer, daughter of Mr. and Mrs. Fred Heyer, dressed as Mary Poppins. A humorous song, "The Ladies Aid," was presented by the Mmes. Reed, Dean Harvey, Andrew Wally, Harry Patrick, Lewis Schoening and Fred Heyer.

MRS. C. K. Millam (Madame Galore) and her matriarchs, Bruce Reed Jr., Chris and Noel, Bubblitz, Bruce Volkart, Gary and Lewis Schoening, presented what they called latest Parish fashions.

The Senior Choir sang "Aurora Lee," "When You Were a Tulip" and "Whispering Hope," accompanied by Mrs. Grace Gordon. An audience participation game was played and the Rev. Merritt LaGrone gave a short talk. John Schmidt also spoke briefly. After the party, men of the church helped with the dishwashing and clean-up.

Capacity Crowd Sees Final Paint the Town Pink Show

A capacity crowd saw the Paint the Town Pink benefit talent show at Winona Senior High School Auditorium Saturday night. Past Matrons Club Holds Breakfast Meeting Saturday

The first meeting of the new year of the Past Matrons Club of Winona Chapter, 141, Order of the Eastern Star, was a May breakfast at the home of Mrs. Pearl Engstrom, 924 Gilmore Ave., Saturday morning.

The coffee table was decorated with spring flowers and fruit, and Mrs. A. G. Lackore, president, presided. Other members assisting were Mrs. Anton Steinke, Mrs. Arthur Brightman, Mrs. Guy Raymond, Mrs. Clifford Smelzer, Mrs. Cy Hedlund and Miss Winifred Tanberg.

Miss Doris Gilham served as secretary during the business session in the absence of Mrs. Fae Griffith. Mrs. Walter Dopke gave the good-cheer report. Mrs. Engstrom led the group in a devotional period.

Mrs. George Hanson, Pickwick, Minn., past matron of Integrity Chapter 3 of Chicago, was welcomed as a new member.

The club decided to purchase a walnut plaque on which the names of the matrons and patrons who have served Winona Chapter since the chapter was chartered in 1900 would be engraved. The plaque will be hung in the photographic hall at the Masonic Temple.

A picnic was planned for the next meeting of the club June 22. Husbands of the past matrons and past patrons and their wives will be invited.

Missionary Work With Apache Indians Reviewed

Early Lutheran Mission to the Apache Indians in Arizona was the subject of the Rev. Harold Essmann's talk to members of Goodview Trinity Lutheran Guild Thursday. This work, he said, was begun in 1893 as the first mission, conducted by the Wisconsin Synod and is carried on to the present day. It is the largest mission field among many Indians in this country.

THE SPEAKER described the early Apache Indians as fierce, war-like savages. Several years after their leader Geronimo was captured, two Lutheran missionaries went into this area, bringing the Gospel and establishing schools and chapels under great hardships.

Communication was difficult because the Apaches were without a written language, so had a limited vocabulary, and for many years, interpreters had to be used. However, through the long and tedious efforts of the late missionary and linguist, Dr. Francis Uplegger, a dictionary of Apache words was compiled, which made the work of the later missionaries less difficult, Rev. Essmann said.

Slides of the present mission stations, and personnel, in various parts of Arizona were shown.

Mrs. Marvin Jacobs reported on the Lutheran Women's Missionary Society meeting at Fountain City, Wis., May 11. The second National convention of this organization will be held June 26 at Madison, Wis. Delegates from Trinity Guild is Mrs. Otto Breitlow and Mrs. Marvin Jacobs is alternate.

THE MMS. Palmer Brand, Oscar Borgwardt and Edwin Matzke will be hostesses at the annual potluck picnic June 7 at Lake Park Lodge, when guests will be teachers of the Sunday School, Vacation Bible school, and their families.

The following will serve on committees during June: Mmes. Otto Breitlow, Roger Seavey, Donald Springer, cleaning; Mrs. Oscar Borgwardt, and Mrs. Herman Dunn, visiting.

Mrs. Evan Davies received the attendance prize, and refreshments were served by Mrs. Breitlow, and Mrs. Fred Burmeister.

Shriners' Hospital Auxiliary Hears Reports on Hospital

Members and guests of the Winona Women's Auxiliary to the Shriners' Hospital for Crippled Children heard a comprehensive report on the hospital at a luncheon meeting Thursday afternoon at Winona Country Club.

SPEAKERS were Mrs. Jack Andersen and Mrs. A. T. Wentworth, who represented the group at the General Auxiliary's annual meeting in St. Paul in April.

Mrs. Andersen in her talk, said that a few years ago patients at the hospital were mainly polio victims. Now more of the children are brought to the hospital with birth defects. Both speakers stressed the necessity of the auxiliary's working even harder to help the hospital, since the children now there often are more severe cases, needing expensive care. In addition to clothing, hospital bedding and linens and artificial limbs, the auxiliary maintains a school room and teachers, indoor and outdoor recreational facilities with a recreation director, and provides such things as birthday cakes, gifts and the other things needed for the welfare and comfort of the children.

They explained that special shoes must be provided for some of the patients; the cost of shoes alone last year, they said, was \$2,252. A brace and shoe repair shop is maintained at the hospital.

Dakota PTC Names New Officers

DAKOTA, Minn. (Special) —The Dakota Parent-Teacher Club has new officers for the 1964-1965 term. To take office July 1 will be Mrs. Wayne Witt, president; Mrs. Walter Bartz, vice-president; Mrs. Thelvin Solum, secretary; Mrs. Roland Wilson, treasurer. On the executive board will be Mrs. Harry Foust, Mrs. Clyde Grant, and Mrs. Carlton J. Papenfuss.

DISCUSSION had been introduced on inoculation of children of the community. The PTC was planning to sponsor the event.

Cub Scouts had on display a three-month project. That organization is sponsored by the PTC, with Mrs. Joe Brown and Mrs. James Knutz, Sr., serving as den mothers.

There will be no further meetings of the club until in September.

Commencement or promotional exercises for the eighth grade will be June 2, at an evening program. Mrs. Otto Dobrunz will have charge of food for that event.

A SCHOOL picnic will be held June 3, with Mrs. Thelvin Solum and Mrs. Papenfuss working with the entertainment. Mrs. Joe Brown and Mrs. Walter Bartz will have charge of food for the day. Mrs. Ralph Grant is chairman of cleanup.

Mrs. Lamar Fort and Ralph Grant received special gifts at the last meeting of the PTC.

Results of the Iowa Tests given to school pupils proved satisfactory in a general way. Parents were on hand to learn the results, during classroom visitation.

ST. MARTIN'S CIRCLE B

Circle B of St. Martin's Lutheran Church Guild will meet at 2 p.m. Wednesday at the home of Mrs. Albert Senrick, 419 E. Broadway.

at the luncheon and business meeting following. Mrs. N. A. Roettiger read the hospital news letter, "The Window," about current work being done at the hospital and the life of the child patients.

It was announced that a benefit card party and hobby sale will be held at the Country Club Oct. 7, with proceeds to go to the Twin Cities Shriners' Hospital.

After the meeting, the women played cards.

Holy Cross CCW Sets Date for June Festival

DAKOTA, Minn. (Special) —Mrs. John E. Schneider, Dresbach, Minn., president of the Holy Cross Council of Catholic Women, announced that Mrs. Marius A. Morse will serve as chairman of the June Festival in Holy Cross parish, June 27. Mrs. Peter Cauchy is to be co-chairman and assisting will be Mrs. Valentine Niebalski and Mrs. Emory Dickson. Men of the parish, with their committees, will have charge of the entertainment.

On the June committee for church work will be the Mmes. Clement Frappier, Lambert Galeswski, Fred Yarolimek, Marvin Gile and Ronald Bartz. Nine women attended the Calcedonia Deanery, held in Freeburg, Minn., earlier in May. Reports of outlines for parish work were given by Mrs. Schneider, stressing the need to get the articles for the Pope's Storehouse and for the migrant center at Maple Island.

The Rev. J. E. Dandeleit stressed the need for a balanced program at regular meetings of the organization. It was at this time that Mrs. George Bilskemper was appointed program chairman. She will coordinate activities at the meetings.

Lunch was served by the Mmes. Peter Cauchy, Frank Kerns, Arthur Wilson, and James Hofmann. Mrs. John R. Thesing received the attendance gift.

High School Class Of 1940 Plans Reunion July 24

The 1940 class of Winona Senior High School is planning a 25-year reunion for July 24. It will be held at The Oaks and will feature a smorgasbord supper.

Committee members in charge urge everyone in the class to notify them as soon as possible of their intentions to attend.

Help is asked in locating four members of the class: Leland Thatchor, James Feltz, Gordon Nevius and Douglas Streuber. Anyone knowing of their whereabouts is asked to call or write Mrs. Gilbert Hoesley.

RARE GARDEN . . . Mrs. William Kohlmeier, Galesville, Wis., examines some of the rare wild flowers in the garden her husband has developed at their home on the Lake Road. Much to the Kohlmeiers' pleasure, four woodland plants are thriving beautifully in the fenced-in bed beside their house. Seen here, from left, are ferns, Trilliums, Lady Slippers and Jack-in-the-Pulpits. (Mrs. Frank Dahlgren Photo)

Margaret Nelson Heads Auxiliary, Lanesboro VFW

LANESBORO, Minn. (Special) —Miss Margaret Nelson was installed as president of the Auxiliary to the Veterans of Foreign Wars Post 3888 Wednesday, with Mrs. Charles Drake as installing officer.

Other officers installed included Mrs. Gloy Bennett, senior vice president and trustee; Mrs. Harold Thoen, junior vice; Mrs. Charles St. Mane, secretary; Mrs. Edward Walsh, treasurer and historian; Mrs. W. E. Nelson, conductress and trustee; Mrs. Andrew Thoen, trustee; Mrs. Henry Haugstad, patriotic instructor; and Mrs. Drake, color bearer. Those who

were absent will be installed at a later date. Mrs. Walsh, retiring president, reported on her presentation of the annual scholarship to Linda Thompson, valedictorian of the senior graduating class at Teachers' Day Tuesday, when 50 guests attended at the high school. Assisting in serving were Mmes. Andrew Thoen, Harold Thoen, Arthur Ward, Bennett and Haugstad.

Mrs. Nelson announced that Friday will be Poppy Day. Donations included \$20 to local families who were flood victims and a pair of shoes for a local child. Good discarded white shirts, needed at the Preston Nursing Home, may be brought to Mrs. Harold Thoen for delivery.

Mrs. Drake reported on the recognition luncheon for adult Girl Scouts of the Root River Neighborhood which she attended that day. Members were reminded to march in the Memorial Day parade here May 30.

Miss Nelson served lunch.

Gilmanton Youths Win Poster Awards

GILMANTON, Wis. (Special) —The annual poppy poster contest has just been completed at the Gilmanton Grade School. Gilmanton American Legion Auxiliary, sponsor of the project, has announced the winners.

Cheryl Werlein received the first place award with her poster entitled "Remember Those Who Remembered You." Mary Lou Gunderson was awarded second; Faye Michaels, third; and fourth place was given to Kathy Feedie.

Judges were members of the auxiliary. Posters are being displayed in the windows of local business places until after Memorial Day.

GALESVILLE GOLFERS

GALESVILLE, Wis. (Special) —At the meeting of the Galesville Women Golfers Thursday evening, it was decided to have another potluck supper Wednesday.

Minnesota
Accidents
Fatal to 6

By THE ASSOCIATED PRESS

Six persons are dead as the result of Minnesota traffic accidents Sunday, one of them a deputy sheriff who was investigating a night club ruckus.

The deaths raised Minnesota's 1965 traffic toll to 210, or 75 under the total a year ago.

Larry Kuhlman, 20, Lewisville, Minn., died today of injuries suffered when the car in which he was a passenger crashed into a bridge southeast of St. James Sunday. Lester Kranz, 26, Lewisville, died a few minutes after the accident.

Florian Hintz, 46, Rutledge, a Pine County deputy, was injured fatally near Rutledge while looking into a disturbance at a club along Highway 61. Sheriff Lawrence Thrun said Hintz was standing on the roadway when a car struck him. Authorities later jailed Thomas Kraml, 20, White Bear Lake.

Mrs. Lorraine Helen Johnson, 41, Coon Rapids, and her daughter, Jan, 10, were killed when their car rammed a bridge on U.S. 10 in Coon Rapids.

Mrs. Johnson, a leading housing developer in the Twin Cities area, had designed and planned more than 800 homes as co-owner of Western Homes Building Co.

Michael Dietz, 20, Minneapolis was killed when his car crashed into a tree in Minneapolis.

David P. Domino, 17, Adams, Minn., died in Austin Saturday after the car in which he was riding struck a signboard post.

Baptists Meet at San Francisco

SAN FRANCISCO (AP) — One Lord, one world, one mission is the theme of the American Baptist Convention this year.

Delegates to the 58th annual meeting of the denomination were charged to carry the unity theme as they headed for their homes today in 40 states and several foreign countries.

The meeting ended Sunday night with dedication of more than 300 missionaries in colorful costumes of the nations they serve.

Adopted resolutions called for strengthening the United Nations, supporting the National Council of Churches, and expressing a willingness to send official Baptist observers to the fourth session of the Vatican Ecumenical Council.

Survivors are: His wife; two daughters, Mrs. Orval (Marie) Amdahl, Preston, and Mrs. Paul C. (Adeline) Abrahamson, Lanesboro; six grandchildren; one great-grandchild; two brothers, Bernard, Rochester, and Gerhard, Wauconda, Ill.; and one sister, Mrs. David (Clara) Davidson, Rushford.

Hawks, State, Cotter Write Success Story

By GARY EVANS
Daily News Sports Editor

Three Winona schools — Winona State, Winona High and Cotter — will be working overtime this week to assure the city of its greatest baseball success in some time.

Winona State today was scheduled to meet St. Thomas in an NAIA district tournament playoff at St. Paul's Midway Stadium at 4:30 p.m.

The Warriors Saturday sewed up their 14th NIC title by defeating Bemidji. Mankato took three from St. Cloud to make it decisive.

THE TUESDAY program will have Cotter, gunning for a state tournament appearance, at Austin Pacelli and Winona High, seeking to strengthen its Big Nine championship position, hosting Albert Lea at Jefferson Field at 4:30 p.m. Wednesday.

tentative plans have the Hawks entertaining St. Charles in continued defense of their District Three championship.

For Winona High the week will be climaxed Friday when plans call for a meeting with league-leading Rochester at Rochester. Should Winona get past Albert Lea the title will be on the line. Rochester suffered its first loss to Faribault 1-0 Saturday.

WINONA HIGH School's track team has a big District Three test upcoming at Rochester at 5 p.m. Wednesday. Hawk golfers will be at Lake City for District Three competition Saturday and the netmen at Rochester for the district meet Saturday.

McCown took his team to St. Paul hoping for the best and expecting the worst.

Pointing to the fact that Jack Benedict, who beat Bemidji Friday, needs much rest, Mc-

Cown assessed the weakness of his staff.

"Jack is not sufficiently rested and (J. D.) Barnette worked 13 innings Saturday. We're hurting, and St. Thomas has everything going for it. The pitcher (Dick) Washburn has rested since Tuesday."

HAWK COACH Ed Spencer will throw his son Todd at Albert Lea Tuesday and come back with John Ahrens against St. Charles. Spencer again will be the pitcher at Rochester.

"We can't afford to stub our toe now," he cautioned. "We're starting to hit the ball and we should be set to make a drive."

Spencer was pleased with the fact that Austin's Steve Russell had just one strikeout in six innings, testimony to the Winhawks' improved hitting.

Cotter Coach Jim Mullen, feeling that his team is nearing its peak, will send Steve Styba to the hill against Pacelli.

A YEAR AGO, the Ramblers beat the Shamrocks in the playoff and went on to a second-place finish in the state Catholic tournament.

Should Winona High beat Rochester it would make two championships and a second-place finish (St. Mary's) for the city. Cotter does not compete in a conference.

SHATTERED DREAMS . . . A dejected Rodger Ward, two-time winner of the Indianapolis '500', sat alone with his thoughts after failing to qualify for this year's race Sunday. The forty-four year old racing veteran was unable to muster enough speed to break into the starting line-up. (AP Photofax)

Chance Can't Explain Poor Success, Chisox Pound Angels by 8-3

By THE ASSOCIATED PRESS

What's wrong with Dean Chance?

"Don't ask me; I can't explain it," said the 1964 Cy Young winner after the Chicago White Sox battered him from the mound en route to an 8-3 triumph over the Los Angeles Angels Sunday.

Chance, whose 20-9 record last season earned him the award as the best pitcher in the majors, now has dropped three games in 13 days and has seen his earned run average soar to 3.88.

He lasted only 2 2/3 innings against the White Sox, giving up six runs on five hits and five walks.

"All I know is that this is the worst I've ever pitched," said Chance, who posted a 3-0 record before slipping into his losing streak. "It can't be that I'm not in shape because I pitched three complete games this spring."

At this time last season, the 23-year-old right-hander had a 3-1 record and a 2.03 earned-run average.

Chance never gave himself a chance against Chicago. He walked the first two batters in the game, and the White Sox were on their way to a three-run inning. He finished his brief performance by walking pitcher Joe Horlen with two out and the

bases loaded in the third.

The Ohio farmer, however, wasn't the only pitcher with problems Sunday. Detroit's Hank Aquire had two Baltimore runners caught off first base, but both escaped the traps and made it safely to second.

Bob Johnson reached second in the fourth inning when no Tiger covered the base. Luis Aparicio made it in the seventh when Don Demeter's throw hit him in the back. Both Johnson and Aparicio scored, helping the Orioles to a 7-3 victory. Baltimore completed the doubleheader sweep by taking the nightcap 8-3.

In other American League games, Boston swept Cleveland 6-2 and 8-3, and Washington whipped New York 7-3 before bowing 3-2. Rain washed out Kansas City at Minnesota.

Horlen, Eddie Fisher and Hoyt Wilhelm each pitched three innings as Chicago snapped a three-game losing streak.

Pete Ward led the attack, driving in three runs with two doubles and a sacrifice fly.

Baltimore's Jack Brandt drove in five runs with four hits as the Tigers dropped their fifth doubleheader this season. Brandt's two-run homer followed by Norm Siebern's blast

in the ninth inning clinched the opening-game triumph for Steve Barber.

Brandt capped a four-run first inning in the nightcap with a two-run single, then ignited a four-run ninth with another single. Bill Freehan and George Thomas homered for Detroit.

Two errors by Cleveland's Chuck Hinton brought the Red Sox three unearned runs in each game. Hinton let Frank Malzone's grounder get through him in the third inning of the opener and touched off a three-run Boston eighth in the second game by dropping Tee Thomas' pop fly.

Felix Mantilla powered the Red Sox in the nightcap with a three-run homer in the fifth inning. That blow wiped out a 2-0 Cleveland lead built on Rocky Colavito's ninth homer.

Jim King batted in three Washington runs in the first game with a homer, double and sacrifice fly. Ken McMullen added a homer and pitcher Phil Ortega a two-run double in a four-run sixth. Joe Pepitone and Tom Tresh homered for the Yankees.

Pepitone unloaded a three-run blast in the sixth inning of the second game for all of New York's runs.

'MIGHTY MOUTH' PLANS CRAZY PLOT

Police Keep 24-Hour Guard Duty

LEWISTON, Maine (AP) — Police from the state, county and city kept a round-the-clock guard over Cassius Clay today while the heavyweight champion was cooking up another crazy plot aimed at upsetting Sonny Liston at the weigh-in Tuesday.

"It's going to be more exciting than the last one," promised Mighty Mouth. If it even matches the wild scenes of Feb. 25, 1964 at Miami Beach, then the Tuesday night return fight may almost take a back-seat to the

ceremony of the scales.

The cocky, poem-spouting Clay claims he "psyched" Liston into defeat with his seemingly hysterical outbursts before the first fight. The brash youngster ranted and raved, stomped and yelled. But that night he won the world crown when Liston quit on his stool after the sixth round, claiming an injured left shoulder.

Although the 23-year-old undefeated champion declared he wasn't afraid of any possible attack on him by followers of

the slain Malcolm X—who left the Black Muslim group of which Clay is a member—unfazed police, supported by plain-clothesmen, guarded Clay's motel room and followed him wherever he went.

"No man scares me," said Clay. "You gonna scare people out of the arena. You gonna scare Liston. You can bring in an army but you won't scare me."

Despite the scare talk — which Clay called newspaper talk — the odds favoring Liston

dropped from 8-5 to 13-10, and may even fall to even money or swing to Clay by fight time, 9:30 p.m. EST.

Liston was a 7-1 favorite for the first fight. A poll of newsmen from all over the globe showed a surprising 42-32 edge for Clay.

Clay finished with his training, was advising newsmen to pick him this time.

"You didn't listen to me before," said Clay. "Now I'm telling you, I'm gonna wear him out and then move in for the kill

just like the last time."

"I don't care what that man says or does," said Liston. "I'm gonna catch up to him sometime and get him. He may run but not forever. I'm in the best shape of my life. My left shoulder is fine."

Only a comparative handful will see the fight live, but it will be beamed across the country to 258 arenas and theaters, will be radio broadcast by the Mutual Broadcasting System and beamed overseas to England by Early Bird transmission.

Milwaukee Plays Gracious Host in Pittsburgh Series

MILWAUKEE (AP) — The Milwaukee Braves outdid themselves as gracious hosts. Now they're hoping for similar hospitality on the road.

The Braves launch a nine-game trip in San Francisco today, hopeful of breaking a losing streak after a 10-1 defeat by the Pittsburgh Pirates Sunday before a chilled crowd of 2,053 at County Stadium.

"We straightened out Pittsburgh — now maybe San Francisco and Los Angeles will straighten us out," Milwaukee Manager Bobby Bragan said facetiously after the Pirates completed a sweep of a three-game series in the wake of eight straight losses.

Before returning home, the Braves play the Giants three games in San Francisco, another three with the Dodgers in Los Angeles and then a three-game set in Houston's Astrodome. Woody Woodward joined the club in San Francisco today after being recalled from Atlanta to replace shortstop Denny Menke, who was placed on the disabled list effective May 3 when he suffered a knee injury.

The Pirates bombed the Braves behind southpaw Bob Veale's four-hit pitching in the Milwaukee series windup. Milwaukee slugger Rico Carty was forced out of the lineup again because of a persistent back ailment and the Braves were handicapped further when catcher Joe Torre was forced to retire after being hit on the left elbow by a pitch in the first inning.

The defeat dropped the Braves into a tie with the Chicago Cubs for fifth place.

Starter Bob Sadowski was the victim of poor support as the Pirate scored two runs in the fourth inning after the Braves had gone ahead 1-0 on a walk, a passed ball, a fielder's choice and Hank Aaron's single in the third.

The Pirates gave Veale all the runs he needed as Roberto Clement singled and took second on an error by left fielder Felipe Alou. Donn Clendenon singled past rookie shortstop Sandy Alomar for one run before Bill Mazeroski doubled and former Brave Del Crandall singled.

With one man on and pitcher Lindy McDaniel up for Chicago, Dodger Manager Walt Alston brought right-fielder Ron Fairly in to play first and moved first baseman Wes Parker halfway up the line between home and first, guarding against the obvious bunt situation.

This left the Dodgers with only Lou Johnson and Willie Davis in the outfield.

The shift worked. McDaniel bunted foul on the third strike.

Elsewhere in the NL, the St. Louis Cardinals outlasted the New York Mets 8-7 in 12 innings for their fifth straight victory and 10th in 11 games. Philadelphia edged Cincinnati 4-3 in 10

SOME FUN AT HOUSTON, CHICAGO

NL Playing 'Outfield Shuffle'

By THE ASSOCIATED PRESS

What's up in the National League, when three outfielders aren't enough at Houston and two are quite sufficient at Chicago?

The Los Angeles Dodgers unveiled a unique two-outfielder defensive alignment at Chicago Sunday and got away with it — but even with three outfielders the Astros were unable to defend against The Dome.

The Dome turned on the Astros in the first inning when Jim Wynn found the glare too hard to handle and lost a fly ball by Jim Ray Hart that went for an inside-the-park homer with two men on and started the San Francisco Giants on the way to a 5-2 victory.

"I saw the ball as it left the bat," said Wynn, "but never after that."

Houston officials quickly went to work, and said they would paint the plastic bubble, which is what they did last time. Only this time pastels are out. The color scheme will either be green, blue or black.

Pitcher Ken Johnson, who last year lost a no-hitter and turned out to be the latest victim of The Dome, had no comment.

Three innings after he left the game it was announced that he had been traded to Milwaukee for outfielder Lee Maye.

The Dodgers, meanwhile, pulled their unique player shift in the 12th inning of a 3-2, 16-

inning loss to the Cubs.

With one man on and pitcher Lindy McDaniel up for Chicago, Dodger Manager Walt Alston brought right-fielder Ron Fairly in to play first and moved first baseman Wes Parker halfway up the line between home and first, guarding against the obvious bunt situation.

This left the Dodgers with only Lou Johnson and Willie Davis in the outfield.

The shift worked. McDaniel bunted foul on the third strike.

Elsewhere in the NL, the St. Louis Cardinals outlasted the New York Mets 8-7 in 12 innings for their fifth straight victory and 10th in 11 games. Philadelphia edged Cincinnati 4-3 in 10

Defending Big Ten baseball champion Minnesota slumped to a dismal seventh place finish in the spring athletic season closed over the weekend, and Gopher squads didn't fare much better in track, tennis and golf.

Minnesota split a baseball doubleheader with Wisconsin, winning the first game 7-4 but losing the nightcap 3-2. Jerry Fuchs' three-run homer was the key blow in the Gopher victory.

The defending NCAA champs finished the conference season with a 5-7 mark, as Ohio State took the conference crown with an 11-2 record.

The Gopher thinclads posted the best showing of the spring teams, finishing fourth in the Big Ten outdoor track meet at Iowa City. Michigan State won its first title.

The Gophers' Norris Peterson set a record time of 9:01.5 in winning the two-mile.

Minnesota's Dave Gumbia was runner-up for the second straight year in the Big Ten golf meet at Lafayette, Ind., with a 72-hole score of 290. Michigan's Bill Newton was the medalist with 287. Purdue won the team title and Minnesota finished sixth.

The Gophers also finished sixth in the tennis meet at Bloomington, Ind. Michigan won that title.

Bears Will Meet Holmen In Tourney

TREMPEALEAU, Wis. — Trempealeau and Holmen will meet for the district championship in baseball here Tuesday at 3:30 p.m.

The two teams won their first-round games Saturday to gain the championship round. Holmen squeezed past Gale-Eitrick 5-4 while Trempealeau blanked Mindoro 2-0 behind the two-hit pitching of Gary Meunier.

Meunier, one of the area's outstanding high school chucks, struck out 14 and allowed no walks. In addition he doubled.

Dave Brunkow and Rick Nemitz had two hits each for Trempealeau. Al Knudson took the Holmen win.

ST. PAUL, Minn. — Trade talks with Kansas City owner Charles O. Finley apparently broke down Sunday, and the Minnesota Twins will attempt to solve some of their problems with a juggling act.

Those were the developments as rain washed out the game between the Twins and Athletics, giving the Twins a two-day rest before they open a three-game series at Boston Tuesday night.

Twins president Calvin Griffith said Sunday that Finley "kept changing names on us" in the trade talks. He added, "We've got nothing settled now, and negotiations are getting more and more out of balance."

It was believed Minnesota offered outfielder Jimmie Hall and pitcher Dick Stigman to the A's in exchange for third baseman Ed Charles and center fielder Jim Landis.

Third base and center field have been Twins' problem spots of late, and manager Sam Mele hopes that juggling the lineup will solve the problem. He said that in big parks he will move Tony Oliva to center field and shift Hall to right.

He also said that "after a spell of doubleheaders, we'll probably cut a pitcher and re-acquire (Bernie) Allen at third base to spell Rich Rollins."

Mele added that "Jerry Kindall is doing the job at second." Jim Grant, Camilo Pascual and Jim Kaat are the pitching probabilities for the Twins in the three game Boston series.

Rollingstone and Dakota, by virtue of extra-inning victories

Sunday, are the unbeaten leaders of the Hiawatha Valley baseball league.

With Dewey Clinkscales going the route, Rollingstone pushed over a run on Jack Rader's double in the 17th inning to defeat Galesville 3-2.

Dakota got clutch doubles from Wally Bartz and Larry Papenfuss in out-slugging Trempealeau 12-9 in 10 innings.

Other games found Kellogg dropping from the ranks of the

unbeaten with an 8-5 loss to Cochrane. Fountain City and Lewiston notching a 10-4 win over Alma.

ROLLINGSTONE 3
GALESVILLE 2
In the top of the 17th inning, Rollingstone's Joe Draskowski was safe on a fielder's choice and Jack Rader doubled. It meant a 3-2 victory.

Dewey Clinkscales went the distance for the winners, striking out 13.

After Galesville had pushed over single runs in the fourth and fifth, Rollingstone tied it with two in the seventh.

For Galesville, Gunderson took the loss.

Rollingstone got three hits from Jim Stout and Steve Rader. Jack Rader singled and doubled as did Don Valentine. Dewey Clinkscales had two singles. Larry Tranberg had three hits for Galesville, and Mack and Greg Stelrecht each had two.

Warriors Tie For 4th Spot

ST. CLOUD, Minn. — The Northern Intercollegiate Conference track meet held here Saturday went true to form.

Mankato romped to its 18th straight title and Winona wound up tied for fourth place. Both finishes were about what Warriors coach Bob Keister expected.

Mankato totaled 111 points to breeze through the field. St. Cloud was second with 73. Moorhead third with 25. Winona and Michigan Tech tied for fourth with 17 and Bemidji last with 14.

"WHEN YOU lose as many kids as we did," said Keister, "it's about what you expect. We also won the 440-yard relay which didn't count as team points. If we had, it would have been enough to push us near third."

The relay didn't count because it was being run on a trial basis for the first time.

"We had our problems, but the kids put out excellently," finished the coach.

SIX RECORDS were set during the affair. Mankato's Henry Hill set a triple jump record of 45-2½. Van Nelson of St. Cloud traveled the mile in 4:17.6. Larry Leist of Mankato threw the discus 164-8½. Jared Richardson, of St. Cloud, broad jumped 23-4½. Nelson came back to win the three-mile run in 14:47.2 and Mankato's mile relay team went the distance in 3:22.1.

Winona's Dan Scharmer was second in the javelin, Kirk Horsch was third in the shot, Bruce Smith was fifth in the mile,

Statesmen Win Conference Golf, Jones Medalist

ST. CLOUD, Minn. — Paced for the second consecutive year by medalist Dick Jones, Winona State's golf team won the Northern Intercollegiate Conference meet.

With Jones firing 112 over the 27-hole tournament, Winona packed away its first title since 1958 with a 473-stroke total.

Jones, who won medalist honors as a freshman a year ago, needed a 24-foot putt on the final hole for first. He dropped it for the title.

Played over the 6,800-yard Country Club, Warrior Coach Moon Molinari termed the tournament "a real golf test."

"The course was extremely tough," he said.

Jones carded 76 for the first 18 and came back with a 36. Jim Huettel and Jim Ulrich each hit 120s, John Winston 121 and Jerry Van Hoof 122. The low four individual scores comprise the team total.

Finishing second was St. Cloud with 476. The Huskies were led by Don Krause, tournament runnerup with 113. Bemidji shot 477.

HARRIS SURVEY

Majority for Automation

By LOUIS HARRIS

A majority of the American people is prepared to pay the price of higher unemployment in order to enjoy the benefits they believe will derive from automation — improved efficiency, better products at lower costs and more leisure time.

And more than 90% of the nation's adults to not regard automation as a threat to their job security.

These are two of the key findings in a recently completed survey of a cross section of the adult public.

By 5 to 3, Americans believe that on the whole automation will do more good than harm to the nation. The only group of workers who think otherwise are unskilled laborers. Families whose members belong to labor unions think, by a small margin, that automation — machines doing jobs people did before — is good for the nation. (See Table I.)

WHEN asked what the possible effects of automation will be, 51% of the public said it would increase unemployment and 38% said it hurts those without much education.

But the majority of the public believes that the advantages of automation are worth the costs. (See Table II.)

Only 1 person in 5 mentioned two of the most talked about aspects of automation — fears that people will become numbers and that work will become dull and boring.

Perhaps most of the acceptance of automation by the public as desirable rests on a belief that it does not threaten them personally. Even unskilled workers, a majority of whom think automation will do more harm than good to the nation, do not regard it as a threat to themselves. (See Table III.)

It is clear that those in the managerial, professional, white collar and sales occupations have no fear of new machines. Only skilled and unskilled laborers tend to feel personally threatened.

BUT IT is here that a contradiction in the labor union position about automation becomes clear. An increasing number of strikes in recent years stem directly back to worker and union resistance to the introduction of labor-saving devices. While the results of this survey show how and why these fears have been aroused, the contradiction is that the prevailing view of union members is that automation does more good than harm and does not personally threaten them.

In fact, in the division between blue collar workers and the rest of America, the working group is now in a minority. In politics, this could well mean that organized labor will have an increasingly difficult task pressing its demands.

There is, however, one area of action on automation on which there is nearly unanimous consensus in the country. This is on the need for retraining facilities. When asked if the federal government should set up special training schools to retrain those who lose jobs due to automation, the public favors the idea by almost 5 to 1. In addition, 89% of those who favor such schools think tax money should be spent on retraining.

OPINION favorable to automation by and large is prompted by hard-headed realism. Typical was a 29-year-old skilled worker in Escondido, Calif., who said, "Automation can do more good than harm because machines can do it faster, turn it out better for less cost and still keep more people on the payroll. Also, the public gets better products at lower prices." A 46-year-old white collar man in Newton, Conn., said, "I think it's just like when the horseless carriages came in, everyone thought they'd put the horses and stables out of business, and they did. But gas stations and auto plants created new jobs. The young people are going to have to be more highly skilled."

Opposition to automation is much more emotional. A 33-year-old wife of a steelworker in Carnegie, Pa., voiced her fears this way: "It puts more people out of work. This is where our youth problem comes in. If they can't afford college, what will they do?" In Oxnard, Calif., a 41-year-old housewife added, "People are being laid off. They can't keep up with the machine. And there aren't many places where they will train you." A skilled worker in Grand Rapids, Mich., age 50, said bitterly, "When they go more for quantity than quality, I think it is wrong."

It was evident in the interviewing that the subject of automation has been a matter of

rather widespread discussion in American families. Many who favor automation can see real problems, even injustices, in machines taking the place of men. By the same token, many of those who fear automation grudgingly admit that it will also bring benefits.

Michigan State Captures First Big Ten Title

CHICAGO (AP) — Michigan State captured its first Big Ten track championship, Purdue successfully defended its golf crown and Michigan regained the tennis title in weekend competition.

Michigan State came up with depth strength and took five events at Iowa City to win the championship. It had sought since joining the conference 14 years ago.

However, individual honors went to Iowa sophomore Jim Reimer who won the 230-year intermediate hurdles in 36.1 seconds, smashing the Big Ten and national collegiate records in up setting favored Gene Washington of Michigan State.

Jim Garrett paced MSU by winning the 200 and finished second in the 100. Keith Coates of MSU broke the conference mile mark with a time of 4:08.2.

Other records were broken by George Cansmore of Michigan in the pole vault at 15.9', and by Norris Peterson of Minnesota who ran the two mile in 9:01.5.

Michigan State scored 56 points while Michigan finished second with 43. Wisconsin, the defending outdoor champion and 1965 indoor winner, was third with 37. Iowa and Minnesota had 28 each. Northwestern 13, Illinois 9, Purdue and Ohio State 6 each and Indiana 5.

Nicklaus Rolls To Title From 5 Strokes Back

MEMPHIS, Tenn. (AP) — Jack Nicklaus served warning to the golfing world with his victory in the \$60,000 Memphis Open that he's not to be trusted no matter how hopeless his position looks.

"I'm the kind of guy who plays better under pressure," Nicklaus said Sunday after he came from five strokes off the pace to win the Memphis golf tournament.

"I don't get excited unless I have something to play for, but when I get charged up, something forces me to play my best."

As it was, Nicklaus shot a 65 as the field before him faltered a little, finished the regulation 72 holes tied with Johnny Pott at 271 and then beat the latter in the first hole of a sudden death playoff.

"It wasn't a matter of my playing so well, although that string of birdies got him fired up, as it was the others not playing so well," he said.

The victory was worth \$9,000 to Nicklaus.

Pott, who had started the day just two strokes out of the lead, birdied three of the last four holes to send the match into a playoff. But he had to sink an eight-foot putt on No. 18 to get the job done.

In the playoff, Pott drove his tee shot into a muddy rough surrounded by trees and bogged the hole while Nicklaus was taking a routine par for the victory.

Pott shot a round of 68 during the day and picked up \$5,000 in prize money. Finishing two strokes back with 273s were Lou Graham, Bob McCallister, Julius Boros and Bert Yancy.

Stock Market Generally Dull And Declining

NEW YORK (AP) — A few special situations brightened an otherwise dull and declining stock market early this afternoon.

Trading was moderate and changes of most key stocks were fractional.

Here and there were some wider losses — IBM, off 6, DuPont down nearly 3 and Boeing down 2.

Steels, autos, oils, airlines, tobaccos and building materials were narrowly mixed. Drugs, electrical equipments and mail order-retails were generally lower.

Opinion in Wall Street was cautious following last week's steep correction of the previous advance.

The Associated Press average of 60 stocks at noon was off 1.0 at 337.1 with industrials off 1.0, rails off .3 and utilities off .8.

The Dow Jones industrial average at noon was off 3.60 at 918.41.

Prices were mixed in moderate trading on the American Stock Exchange.

Corporate and U.S. treasury bonds were mostly unchanged in light trading.

In Memoriam
IN LOVING MEMORY OF Herman Neu
who passed away 1 year ago
How long we have without you
We miss you more each day
Life is not the same without you
Since you were called away
Our hearts still ache with sadness
Your memory is a comfort
God knows how we miss you
As we end the first year
Sadly missed by: Mrs. Dana, Children & Grandchildren
